

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS 2023

TAKE NOTICE THAT THE ANNUAL MEETING OF THE SHAREHOLDERS OF **COGECO INC.** (THE "CORPORATION") WILL BE HELD VIA LIVE VIDEO WEBCAST ONLINE:

ON THURSDAY, THE 11TH DAY OF JANUARY, 2024 AT THE HOUR OF 11:30 IN THE MORNING (MONTRÉAL TIME), VIA LIVE WEBCAST AT:

<https://web.lumiagm.com/#/424761509>

The Corporation's and Cogeco Communications Inc.'s annual meetings will be held back-to-back, at the same location and through the same webcast. The formal business of each meeting will be conducted separately; however, management's presentation will address both the Corporation's and Cogeco Communications Inc.'s shareholders.

FOR THE FOLLOWING PURPOSES:

1. To receive the consolidated financial statements of the Corporation for the year ended August 31, 2023 and the report of the Auditors thereon;
2. To elect eight Directors;
3. To appoint Auditors and to authorize the Board of Directors to fix their remuneration;
4. To consider and, if thought fit, approve an advisory resolution on Board's approach to executive compensation; and
5. To transact such other business as may properly be brought before the meeting.

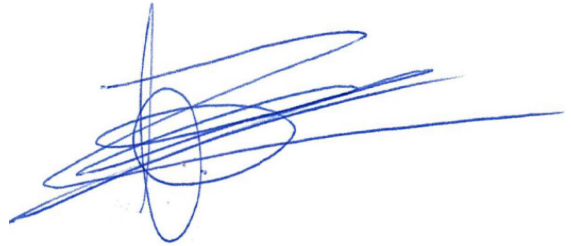

This year, in compliance with applicable securities requirements, the Corporation is using "notice-and-access" procedures for delivery of the Information Circular and related materials to both its registered and non-registered shareholders. Under notice-and access, the Corporation is no longer required to distribute paper copies of certain annual meeting-related materials such as Information Circulars. Instead, electronic versions of such materials will be posted on a website for investor access and review. While shareholders will still receive by mail a form of proxy or voting instruction form so that they can vote their shares, instead of receiving a paper copy of the Notice and Information Circular, shareholders will receive a notice outlining the matters to be addressed at the meeting and, explaining how they can access the Information Circular electronically and how to request a paper copy. Notice-and-access is environmentally friendly and benefits the Corporation and its shareholders through a substantial reduction in the costs of paper, printing and postage.

If the shareholder's name appears on a share certificate, this shareholder is considered a "registered shareholder". Registered shareholders may request paper copies of the meeting materials at no cost by calling Computershare Trust Company of Canada, toll-free within North America at 1-866-962-0498 or direct, from outside of North America at 514-982-8716 and entering the 15-digit control number as indicated on the form of proxy. If the shareholder's shares are listed in an account statement provided by an intermediary, this shareholder is considered a "non-registered shareholder". Non-registered shareholders may request paper copies of the meeting materials from Broadridge at no cost up to one year from the date the circular was filed on SEDAR+, through the internet by going to www.proxyvote.com or by telephone at 1-877-907-7643 or direct, from outside of North America at 303-562-9305 and entering the 16-digit control number provided on the voting instruction form and following the instructions provided. Shareholders will not receive another form of proxy or voting instruction form. Shareholders must retain their current one to vote their shares. In any case, requests should be received at least ten (10) business days (December 27, 2023) prior to the meeting date in order to receive the meeting materials in advance of the meeting.

Please contact our proxy solicitation agent, Morrow Sodali Canada Ltd. ("MS"), at 1-888-444-0593 toll-free in North America, or call collect outside North America at 1-289-695-3075 or by email at assistance@morrowsodali.com with any questions you may have regarding the Meeting.

MESSAGE FROM THE BOARD CHAIR AND LEAD DIRECTOR

Dear Shareholder,

On behalf of the Board of Directors of Cogeco Inc. (the “Corporation” or “Cogeco”), we are pleased to invite you to the annual meeting of shareholders of the Corporation to be held at 11:30 a.m. on January 11, 2024 (the “Annual Meeting”).

Based on our successful experience with our annual meetings of shareholders held virtually in January 2021 and January 2022 and considering that the majority of the largest Canadian and Québec-based companies held their latest annual shareholders meeting virtually, we have decided this year to hold our Annual Meeting in a virtual-only format. You will be able to attend our Annual Meeting online by visiting <https://web.lumiagm.com/#/424761509>. In your capacity as shareholder, you will also be able to ask questions and vote electronically on the applicable resolutions. We hope that hosting our Annual Meeting online will enable participation by all our shareholders, regardless of their location.

Your participation and vote at the Annual Meeting is important. We invite you to complete and return the enclosed form of proxy or voting instructions form, so that your views can be represented. Even if you plan to attend our Annual Meeting, we encourage you to vote in advance, either via the Internet or by completing and returning the enclosed form of proxy or voting instructions form, as applicable. Please contact our proxy solicitation agent, Morrow Sodali, at 1 888 444-0593 toll-free in North America, or call collect outside North America at 1 289 695-3075 or by email at assistance@morrrowsodali.com with any questions you may have.

The attached Information Circular describes the business to be conducted at the Annual Meeting and provides information on our governance practices.

The Corporation is seeking to building a business that delivers the best and most sustainable value to all our stakeholders – our customers, our shareholders, our employees, and the communities where we live and work. In the Information Circular, you will see that we have decided in fiscal 2022 to oversee directly, at the Board level, the Corporation’s sustainability strategy, goals and related initiatives that are aligned to the best environmental, social and governance (ESG) practices. Cogeco’s sustainability strategy forms an integral part of its business strategy to ensure long-term and resilient value creation. We have a longtime commitment to social engagement and community action, with a real focus on digital inclusion, climate action, leading operating practices and responsible and ethical management. On the environmental front, we continue to forge ahead with initiatives to reduce our carbon footprint. Our near-term emissions reduction targets are in line with the targets approved by the Science Based Targets Initiative (SBTi) regarding what is required to meet the goals of the Paris Agreement. Moreover, we have committed to achieving a longer-term target of net-zero emissions across our value chain by 2050. When it comes to

the social aspect, our many accomplishments included donating 2.5% of our pre-tax profits to non-profit organizations in our communities. As we foster a diverse and inclusive culture, we pursued our efforts to promote gender diversity and expanded our aspirations to increase representation of the BIPOC (Black, Indigenous and People of Color) communities, particularly at the leadership levels, and of people with disabilities throughout our workforce. We are also proud to have achieved overall gender parity within our Boards. And in keeping with our focus on digital inclusion, we continue to work closely with governments to bridge the digital divide between rural areas and urban centers across our footprint in Canada and the United States. In the area of governance, we are committed to excellence. As a result, Cogeco Communications Inc., subsidiary of Cogeco, was yet again recognized by the Globe and Mail Board Games as among the best within Canadian family-controlled dual-class public corporations.

To conclude, we would like to express our heartfelt thanks to Ms. Patricia Curadeau-Grou, who will be retiring as Director of Cogeco at the Annual Meeting. She made a significant contribution to the Boards of Directors of Cogeco, on which she served for the last four years, and Cogeco Communications Inc., on which she served for eight years, from 2012 to 2019. Patricia also served as Chair and member of the Human Resources Committees and member of the Audit and Strategic Opportunities Committees throughout her tenure at both Corporations. Her extensive career in the banking and financial sectors have provided her with valuable skills and knowledge in financial and credit matters. In particular, the experience she has gained through her senior executive leadership roles, with responsibilities encompassing a broad spectrum of areas such as deal making, strategy and risk, was a distinct asset and value to the Boards.

This year, we reviewed the composition of the Boards of both Corporations following the retirement of Ms. Patricia Curadeau-Grou. Ms. Robin Bienenstock, who currently serves on the Board of Cogeco Communications Inc., is now a candidate as Director of the Board of Cogeco. Mr. Arun Bajaj will be stepping-down as a Director of Cogeco at the Annual Meeting and is now a candidate as Director of the Board of Cogeco Communications Inc. We thank Arun for his four years of service on the Board of Cogeco and for submitting his candidacy as a nominee as Director of Cogeco Communications Inc. These changes will maintain the overall size of the Boards at a manageable level, while also maintaining the Corporation's diversity objectives under its Board Diversity Policy.

We look forward to discussing these developments and more, with you, at our Annual Meeting!

INFORMATION CIRCULAR

GENERAL INFORMATION

This Information Circular is furnished by the Management of Cogeco Inc. ("Cogeco" or the "Corporation"), which is soliciting proxies for use at the Annual Meeting of Shareholders of the Corporation (the "Meeting"), and at any adjournment thereof, to be held at the date, time and place and for the purposes set forth in the foregoing notice of Meeting.

Rules adopted by the Canadian Securities Administrators ("CSA"), known as the "notice and access" distribution option, allow companies to send shareholders a notice to the effect that certain annual meeting materials may be posted on a website for shareholder access, rather than mailing full sets of such materials to them. This year, the Corporation is taking advantage of the "notice and access" option. There will be notices to shareholders containing instructions on how shareholders can gain access to the Corporation's notice of meeting and Information Circular. The notices will also contain instructions on how shareholders can ask that annual meeting materials be delivered to them electronically or, should they wish, in printed form on a one-time or ongoing basis.

Cogeco has retained Morrow Sodali Canada Ltd. ("MS") to solicit proxies at a fee of approximately \$25,000, plus out-of-pocket expenses. All expenses in connection with the solicitation of proxies will be borne by Cogeco.

Additionally, Cogeco may use the Broadridge QuickVote™ service, which involves non-objecting beneficial shareholders being contacted by MS to obtain voting instructions over the telephone, and relaying them to Broadridge (on behalf of the Cogeco' shareholders' intermediary). While representatives of MS are soliciting proxies on behalf of Cogeco's management, Cogeco' shareholders are not required to vote in the manner recommended by the Board of Directors of Cogeco (the "Board" or the "Board of Directors"). The QuickVote™ system is intended to assist Cogeco' shareholders in placing their votes, however, Cogeco' shareholders are not obligated to vote using the QuickVote™ system, a Cogeco' shareholder may vote (or change or revoke their votes) at any other time and in any other applicable manner described in this Information Circular. Any voting instructions provided by a Cogeco' shareholder will be recorded and such Cogeco' shareholder will receive a letter from Broadridge (on behalf of the Cogeco' shareholder's intermediary) as confirmation that their voting instructions have been accepted.

Please contact our proxy solicitation agent, MS, at 1-888-444-0593 toll-free in North America, or call collect outside North America at 1-289-695-3075 or by email at assistance@morrowssodali.com with any questions you may have regarding the Meeting.

Unless otherwise stated, the information contained in this Information Circular is given as of November 22, 2023 and all dollar amounts are in Canadian dollars.

INFORMATION ON VOTING

VOTING MATTERS

At the Meeting, shareholders will vote on: the election of Directors; the appointment of auditors including authorizing the Board of Directors to fix their remuneration; and the acceptance of the Corporation's approach to executive compensation.

RECORD DATE FOR NOTICE OF MEETING

The Board of Directors has fixed November 30, 2023 as the record date (the "Record Date") for the purpose of determining shareholders entitled to receive the notice of Meeting.

VOTING SHARES AND PRINCIPAL SHAREHOLDERS

As at November 22, 2023, 14,009,952 subordinate voting shares and 1,602,217 multiple voting shares of the Corporation were outstanding. Such shares are the only shares carrying the right to vote at the Meeting. Holders of subordinate voting shares of record at the close of business on the Record Date will be entitled to one vote per share at the Meeting and holders of multiple voting shares of record at the close of business on the Record Date will be entitled to twenty votes per share at the Meeting.

To the knowledge of the Directors and officers of the Corporation, the only persons or companies who or which, as at November 22, 2023, beneficially own, directly or indirectly, or control or direct, voting securities carrying 10% or more of the voting rights attached to any outstanding class of voting securities of the Corporation are the following:

Name	Number of Subordinate Voting Shares	Percentage of Class	Number of Multiple Voting Shares	Percentage of Class	Percentage of All Voting Rights
Gestion Audem inc. ⁽¹⁾	—	—	1,599,017 ⁽²⁾	99.8	69.4
Rogers Communications Inc.	5,969,390 ⁽³⁾	42.6	—	—	12.9

(1) Gestion Audem inc. is a private company as defined in the *Securities Act* (Québec), which is controlled by the members of the family of the late Henri and Marie-Jeanne Audet.

(2) Based on the report filed on SEDI on January 23, 2020.

(3) Based on the report filed on SEDAR+ on November 5, 2010.

AUTHORIZED SHARE CAPITAL

The authorized share capital of the Corporation is composed of subordinate voting shares and multiple voting shares (collectively the "equity shares"). Each subordinate voting share entitles the holder to one vote. Each multiple voting share entitles the holder to twenty votes. The multiple voting shares are convertible at any time into subordinate voting shares on a share-for-share basis. In all other respects, the equity shares have the same rights. A general description of the rights, privileges and restrictions attaching to the subordinate voting shares and multiple voting shares can be found in section 8.1 of the Corporation's Annual Information Form. As at November 22, 2023, the subordinate voting shares represent 30.4% of the aggregate voting rights attached to the Corporation's outstanding shares.

OWNERSHIP AND VOTING RESTRICTIONS

To maintain the eligibility of certain of its subsidiaries that hold licences of the Canadian Radio Television and Telecommunications Commission (the "CRTC") to operate broadcasting distribution undertakings under the *Broadcasting Act (Canada)*, the Corporation must comply with restrictions on ownership of voting shares by non-Canadians that are embodied in a statutory order from the Governor in Council (i.e., the federal Cabinet) to the CRTC under the *Broadcasting Act (Canada)* (the "Order"). The Order limits foreign ownership of the Corporation and of Cogeco Communications in the aggregate to 33 1/3% of the issued and outstanding voting shares and 33 1/3% of the votes attaching to the voting shares. The Order also requires that the chief executive officer of the Corporation and 80% of the members of the Board of Directors be Canadian. The CRTC retains the discretion under the Order to make a determination that a licensee is not controlled in fact by Canadians.

The *Telecommunications Act (Canada)* and its regulations as well as the *Radiocommunication Regulations (Canada)* established similar restrictions on ownership of voting shares of telecommunications common carriers and radiocommunication carriers by non-Canadians. These foreign ownership restrictions do not apply however to carriers having less than a 10% share of the total Canadian telecommunications market.

The issue and transfer of the shares of the Corporation are constrained by its Articles in accordance with section 82 of the *Business Corporations Act (Québec)* (the "BCA"), in order to ensure that the Corporation and its subsidiaries comply with the Order. These restrictions limit the extent to which equity shares can be issued or transferred to non-Canadian residents and preclude control by non-Canadian residents as well as prohibit the voting of equity shares in circumstances in which there is a contravention of the Order, the *Broadcasting Act (Canada)* or any conditions of licenses.

The Corporation monitors, through its transfer agent Computershare Trust Company of Canada ("Computershare"), the level of non-Canadian ownership with regards to the number of all its issued and outstanding shares and the votes attaching to these shares and annually provides reports to the CRTC. Each subscriber or transferee of any shares of the Corporation is required to supply to Computershare a declaration stating certain facts with respect to citizenship and ownership and control over the shares to enable the Corporation to determine whether the non-Canadian share restrictions are being complied with.

RIGHTS IN THE EVENT OF A TAKEOVER

If a takeover bid (as defined in the Articles of the Corporation) is made for the multiple voting shares and subject to certain conditions, including the acceptance of such takeover bid by the majority holder, each subordinate voting share shall become, upon such takeover bid, convertible into one multiple voting share, at the option of the holder, in order to allow such holder to participate in the takeover bid and accept it, and for these purposes only, provided that the takeover bid is completed by the offeror.

ATTENDING AND VOTING AT THE MEETING

The Meeting will be held in a virtual format conducted via live webcast. Regardless of geographic location and ownership, shareholders will have an equal opportunity to participate at the Meeting and vote on the applicable resolutions. Shareholders will not be able to attend the Meeting in person. If you wish to attend the Meeting, you can attend by logging online at web.lumiagm.com. You should allow ample time to check into the Meeting online and complete the related procedure. Please refer to our virtual meeting guide for instructions regarding the registration and participation of shareholders at the Meeting, including a list of the compatible web browsers. This guide is available on SEDAR+ at www.sedarplus.ca and on the Corporation's website at <https://corpo.cogeco.com/cgo/en>.

Registered shareholders and duly appointed proxyholders will be able to attend the Meeting, vote, ask written or verbal questions. All in real time, provided they are connected to the internet or use a phone and comply with the guidelines below. The instruction on how to ask a verbal question is in the virtual meeting guide. Non-registered shareholders will be able to appoint a proxyholder, including themselves, as set forth under the section "Beneficial Owners, Including Employees Under the Corporation's Employee Share Purchase Plan" below, or attend the Meeting as guests. However, guests will not be able to ask questions or vote at the Meeting. The vast majority of shareholders vote by proxy in advance. All shareholders are encouraged to vote by proxy ahead of the Meeting.

The Corporation intends to follow the guidelines described below at the Meeting:

- Any shareholder or duly appointed proxyholder who registers at the virtual Meeting will have the opportunity to vote in real time as the ballots are held.
- Voting at the virtual Meeting will be conducted by virtual ballot.
- Shareholders will nevertheless still be able to submit their vote prior to the Meeting using the proxy forms or voting instructions forms that were provided to them.
- In the interest of efficiency, shareholders will be encouraged to ask questions (either vocal or written) or submit comments by chat during a period set for this purpose at the end of the Meeting.
- However, shareholders wishing to ask a question (vocal or written) or comment on an item of the agenda to be presented or voted on will be able to do so before proceeding to vote or after the presentation of such item.
- The shareholders' written question or comments submitted by chat will be read by a representative of the Corporation, after which the Chair will direct the question to the appropriate person.
- If several questions relate to the same subject matter, a representative of the Corporation will read one of them after which the Chair will direct the question to the appropriate person.
- Any shareholder who has submitted a shareholder proposal within the delay for its inclusion in the Information Circular will be able to state his or her proposal orally by phone at the Meeting.
- Some of the senior officers of the Corporation will be visible on video during the Meeting.

These guidelines may vary from time to time depending on logistics and with a view to follow best governance practices.

REGISTERED OWNERS

You are a registered shareholder if your share certificates are in your name. You will receive a form of proxy containing the relevant details concerning the business of the Meeting, including a control number that must be used

to vote by proxy in advance of the Meeting, or join the live webcast the day of the Meeting to participate and vote at the Meeting.

Registered shareholders may vote as follows:

Option 1: by proxy (proxy forms)

Please complete, sign, date and return the form in the envelope provided or by facsimile to Computershare's toll-free line at 1-866-249-7775 for calls within Canada and the United States or at 1-416-263-9524 for calls outside Canada and the United States or you can vote by telephone or internet by following the instructions on your proxy form, so that in each case the completed form arrives or the vote is submitted, as the case may be, no later than 5:00 p.m. (Eastern Standard Time) on January 9, 2024 or, if the Meeting is adjourned or postponed, by 5:00 p.m. (Eastern Standard Time) two (2) business days (excluding Saturdays, Sundays and holidays) before the day on which the Meeting is reconvened. Late proxies may be accepted or rejected by the Chair of the Meeting at his or her discretion.

Option 2: virtually at the Meeting online

- Log in at web.lumiagm.com. We recommend that you log in at least one hour before the Meeting starts;
- Click "Login" and then enter your 15 digit control number located on the form of proxy or in the email notification you received;
- Enter password "cogeco2024" (case sensitive);
- Follow the instructions to access the Meeting, and vote when prompted.

You have to be connected to the internet at all times in order to be able to vote when solicited. It is your responsibility to ensure connectivity for the duration of the Meeting. You should allow ample time to check into the Meeting online and complete the related procedure. Please refer to the virtual meeting guide filed on SEDAR+ and on the Corporation's web site at <https://corpo.cogeco.com/cgo/en> for additional information, including a list of the compatible web browsers.

BENEFICIAL OWNERS, INCLUDING EMPLOYEES UNDER THE CORPORATION'S EMPLOYEE SHARE PURCHASE PLAN

The information set forth in this section is of significant importance if you do not hold your shares in your own name and therefore you are a non-registered shareholder. Only proxies deposited by shareholders whose names appear on the records of Cogeco as the registered holders of multiple voting shares or subordinate voting shares can be recognized and acted upon at the Meeting. If subordinate voting shares are listed in your account statement provided by your investment dealer, broker or other institution, then, in almost all cases, those subordinate voting shares will not be registered in your name on the records of Cogeco. Such subordinate voting shares will likely be registered under the name of your investment dealer, broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms.

You are a non-registered shareholder or "beneficial owner" if your shares are held by a nominee, that is, if your shares have been deposited with or held by a bank, a trust company, an investment dealer, a stock broker, a trustee or any other institution. Under applicable securities legislation, a beneficial owner of securities is a "non-objecting beneficial owner" if such beneficial owner has, or is deemed to have, provided instructions to the intermediary holding the securities on such beneficial owner's behalf not objecting to the intermediary disclosing ownership information about the beneficial owner in accordance with said legislation, and a beneficial owner is an "objecting beneficial owner" if such beneficial owner has or is deemed to have provided instructions objecting to same.

If you are a non-objecting beneficial owner or an objecting beneficial owner, you received shareholder meeting materials from your intermediary or its agent, and your intermediary is required to seek your instructions as to the manner in which to exercise the voting rights attached to your shares. The Corporation has agreed to pay for intermediaries to deliver to beneficial owners the proxy-related materials and the relevant voting instruction forms.

Non-registered shareholders may vote as follows:

Option 1: by proxy (voting instruction forms)

The voting instruction form that is sent to a non-objecting beneficial owner or an objecting beneficial owner by the intermediary or its agent should contain an explanation as to how you can vote in advance of a meeting. Please read such instructions carefully in order to ensure that your shares are voted at the Meeting.

Option 2: virtually at the Meeting online

The voting instruction form that is sent to a non-objecting beneficial owner or an objecting beneficial owner by the intermediary or its agent should also contain an explanation as to how you can attend and vote directly at the Meeting or appoint someone to attend and vote in your place. To do so, you will need to appoint yourself or that other person as your proxyholder. See the section "Appointing a Proxyholder" below. You or your proxyholder will then be able to:

- Log in at web.lumiagm.com. We recommend that you log in at least one hour before the Meeting starts;
- Click "Login" and then enter your 4 alpha character code you received by email from Computershare as set out below under "Appointing a Proxyholder";
- Enter password "cogeco2024" (case sensitive);
- Follow the instructions to access the Meeting, and vote when prompted.

You have to be connected to the internet at all times in order to be able to vote when solicited. It is your responsibility to ensure connectivity for the duration of the Meeting. You should allow ample time to check into the Meeting online and complete the related procedure. Please refer to the virtual meeting guide filed on SEDAR+ and on the Corporation's web site at <https://corpo.cogeco.com/cgo/en> for additional information, including a list of the compatible web browsers.

APPOINTING A PROXYHOLDER

The persons named in the proxy form are Directors and Officers of the Corporation. A shareholder has the right to appoint another person (who does not need to be a shareholder of the Corporation) to represent him or her at the Meeting either by inserting the name of his or her chosen representative in the blank space provided in the proxy form or by completing another appropriate proxy form and, in either case, deliver the completed form of proxy to the transfer agent and registrar of the Corporation, Computershare, no later than 5:00 p.m. (Eastern Standard Time), on January 9, 2024 or if the Meeting is adjourned or postponed, by 5:00 p.m. (Eastern Standard Time) two (2) business days (excluding Saturdays, Sundays and holidays) before the day on which the Meeting is reconvened.

The following applies to shareholders who wish to appoint a person (a "third party proxyholder") other than the management nominees identified in the form of proxy or voting instruction form as proxyholder, **including non-registered shareholders who wish to appoint themselves as proxyholder to attend, participate or vote at the Meeting.**

Shareholders who wish to appoint a third party proxyholder to attend and participate at the Meeting as their proxyholder and vote their shares **MUST** submit their form of proxy or voting instruction form, as applicable, appointing that person as proxyholder **AND** register that proxyholder online, as described below. Registering your proxyholder is an additional step to be completed **AFTER** you have submitted your form of proxy or voting instruction form. **Failure to register the proxyholder will result in the proxyholder not receiving a 4 alpha character code that is required to vote at the Meeting and only being able to attend as a guest.**

- **Step 1: Submit your form of proxy or voting instruction form:** To appoint a third party proxyholder, insert that person's name in the blank space provided in the form of proxy or voting instruction form (if permitted) and follow the instructions for submitting such form of proxy or voting instruction form. This must be completed before registering such proxyholder, which is an additional step to be completed once you have submitted your form of proxy or voting instruction form.
- **Step 2: Register your proxyholder:** To register a third party proxyholder, shareholders must visit www.computershare.com by no later than 5:00 p.m. (Eastern Daylight Time) on January 9, 2024 and provide Computershare with the required proxyholder contact information so that Computershare may provide the

proxyholder with a 4 alpha character code via email. Without a code, proxyholders will not be able to vote at the Meeting but will be able to participate as a guest.

VOTING DISCRETION OF PROXYHOLDER

If you give directions on how to vote your shares, your proxyholder must vote your shares according to your instructions. If your proxy form or voting instruction form does not specify how to vote on a particular issue, then your proxyholder can vote your shares as he or she sees fit. If your proxyholder does not attend the Meeting and vote virtually, your shares will not be voted.

If you have appointed a person designated by Cogeco as proxyholder as provided in the form of proxy and you do not provide any instructions concerning a matter identified in the Notice of Meeting, the subordinate voting shares represented by such proxy will be voted as follows:

FOR the advisory resolution accepting the Board's approach to executive compensation disclosed in this Information Circular.

The form of proxy confers discretionary authority on the persons named therein with respect to amendments or variations to matters identified in the notice of Meeting and with respect to other business which may properly be brought before the Meeting. At the date of this Information Circular, Management of the Corporation knows of no such amendments, variations or other business to be brought before the Meeting.

SHAREHOLDERS ADVISORY VOTE ON THE BOARD'S APPROACH TO EXECUTIVE COMPENSATION

At the Meeting, the shareholders will be called upon to vote FOR or AGAINST the following resolution:

"That, on an advisory basis and not to diminish the role and responsibilities of directors, the shareholders accept the Board's approach to executive compensation disclosed in this Information Circular."

At the annual meeting of shareholders held in January, 2023, the vote taken on the similar advisory resolution was adopted by 99% of the votes cast.

The Board of Directors continues to believe that shareholders should have the opportunity to fully understand the objectives and principles that the Board has used in its approach to executive compensation and to have an advisory vote on the Board's approach to executive compensation.

To assist you in making your voting decision, we refer you to the letter from the Chair of the Human Resources Committee included in this Information Circular and the "Compensation Discussion and Analysis" ("CD&A") which follows the letter. The CD&A describes the Board's approach to executive compensation, the details of the compensation program and the Board's compensation decisions for the fiscal year ended on August 31, 2023. This disclosure has been approved by the Board on the recommendation of the Human Resources Committee. Comments and questions regarding our executive compensation program are welcome and may be directed to the Corporation at boardofdirectors@cogeco.com.

Adoption of the advisory resolution will require that it be passed by a majority of the votes cast by virtual ballot or by proxy at the Meeting. As this is an advisory vote, the results will not be binding upon the Corporation. However, the Board of Directors takes the results of the vote into account, as appropriate, when considering future executive compensation policy and programs and in determining whether there is a need to significantly increase their engagement with shareholders on compensation related matters.

Management and the Board of Directors recommend that the shareholders vote FOR this "Say on Pay" resolution.

VOTING RESULTS

Voting results on the election of Directors (on a Director by Director basis), on the appointment of Auditors and on the advisory vote accepting the Board's approach on executive compensation will be posted on SEDAR+ promptly following the Meeting, as required under section 11.3 of NI 51-102 – *Continuous Disclosure Obligations* issued by the CSA.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board and management of Cogeco believe that the highest standards of corporate governance are essential to the effective management of the Corporation and to build sustainable worth for its customers, business partners, employees and investors.

GOVERNANCE CONSIDERATIONS RELATED TO DUAL-CLASS SHARE STRUCTURE

Cogeco's dual-class common equity share structure, which consists of subordinate voting shares and multiple voting shares (dual-class share structure) has been in place since the initial public offering and stock exchange listing in 1985. The Board considers that this dual-class share structure has permitted Cogeco to take a long-term orientation in decisions which have helped grow shareholder value significantly over the last decades.

The Audet Family, through its ownership of multiple voting shares, has steadfastly supported the Corporation's long-term focus based on continued consideration for various stakeholders and resistance to opportunistic change of control transactions. Proofs of such support include instances such as we saw in 2020 which could have benefited the Audet Family disproportionately relative to holders of subordinate voting shares. Similarly, the Audet Family has demonstrated decades long commitment towards good governance practices.

There may have been various recent instances, in Canada and abroad which have caused some commentators and proxy advisors to question the wisdom or otherwise attack the legitimacy of dual-class share structures generally. It seems to our Board that this kind of criticism comes in phases or waves depending on specific market events or negative experiences relating to the governance or management of particular issuers. In other words, all dual-class share structure issuers become unfairly tarred with the same brush.

Against this backdrop, there is serious research to support the thesis that corporations with dual-class share structures are just as likely, if not more likely, to deliver long-term growth than those with a single-class share structure.¹

We share the belief that with the right governance practices in place, dual-class share structures are indeed well and arguably better aligned with the long-term interests of shareholders, and certainly less prone to a focus on short-term results. Fundamentally, the Governance Committee and the Board as a whole are committed towards creating long-term value as one of the essential elements of the Corporation's overall mission and purpose.

It is worth noting that the Corporation has adopted and implemented over time various measures that provide

¹ Institute for Governance of Private and Public Organizations (IGOPP), "Policy Paper No. 11: The Case for Dual-Class of Shares", 2019.

enhanced minority shareholder protection while taking into account other important stakeholders of the Corporation. Such measures include:

- implementing “coattail provisions”, which ensure equal treatment and tag-along rights for all shareholders in the context of a take-over bid;
- appointing an independent lead director;
- having a substantial majority of independent directors on the Corporation's Board;
- requiring that key board committees (i.e. audit, compensation, governance) be exclusively composed of independent directors;
- maintaining clear procedures to deal with related-party transaction and conflicts of interests in accordance with applicable regulations and governance best practices (as described on p. 41 of this Information Circular);
- maintaining diversity policies at the Board and workforce level, setting forth clear objectives for the Corporation and taking additional steps to foster a culture of Diversity & Inclusion (D&I) by establishing a D&I Leadership Committee and small employee-led resource groups;
- implementing direct and explicit oversight at the Board level of ESG issues with a strategy centered on the levers of reducing our environmental footprint, implementing strong governance practices, and supporting our stakeholders. The Corporation's advancements on the ESG fronts have been recognized by leading voices in ESG practices and reporting (as described in the 2023 Annual report of the Corporation);
- productively engaging with minority shareholders and other stakeholders, such as MEDAC in Quebec and proxy advisory firms;
- transparently and voluntarily reporting the voting results for the subordinate voting shares on a stand-alone basis on SEDAR+ after each annual shareholders meeting.

We are very proud that our corporate governance practices are consistently recognized by the Globe and Mail Board Games as among the best within Canadian family-controlled dual class public corporations.

COMPOSITION OF THE BOARD

The Board of Directors will be composed of eight Directors after the Meeting. Following a detailed review conducted by its Corporate Governance Committee, the Board has determined that six of the eight nominees as Directors, representing a substantial majority of the Directors, are independent Directors. A Director is independent if he/she has no direct or indirect relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of his/her independent judgment. In order to determine if a Director is independent, the Corporate Governance Committee and, in turn, the Board apply the criteria adopted by the CSA. To assist them with their determinations, all nominees as Directors complete, on an annual basis, a detailed questionnaire about their business relationships and shareholdings.

The six independent nominees as Directors are Mses. Bell, Bienenstock and Papadatos and Messrs. Cherry, Elhage and Legault. Mr. Audet, the Board Chair of the Corporation and the President of Gestion Audem inc, the controlling shareholder of the Corporation, and Mr. Jetté, who is the President and Chief Executive Officer of the Corporation, are, accordingly, not considered to be independent Directors.

The Corporation, therefore, complies with the Corporate Governance Guidelines which stipulate that the Board should have a majority of independent Directors.

The following table sets out the independence status of the eight nominees as Directors:

Nominees as Directors	Independence Status		
	Independent	Not Independent	Reason for non-independence status
Louis Audet		✓	Board Chair of the Corporation and President of Gestion Audem inc., which is the controlling shareholder of the Corporation

Robin Bienenstock	✓		
James C. Cherry	✓		
Samih Elhage	✓		
Philippe Jetté		✓	President and Chief Executive Officer of the Corporation

SKILLS MATRIX

The Board succession planning process also involves maintaining a skills matrix, which helps the Corporate Governance Committee and the Board identify any potential gap in competencies, skills or experience that the Board should possess in the context of the Corporation's global business and affairs and the competencies, skills and qualities that should be sought in candidates as Directors. In doing so, the Board relies on the annual results of the Board evaluation and the peer to peer assessment and asks each nominee as Director to indicate the skills and competencies that each demonstrates. The following table lists the top four competencies of our nominees, together with their age, tenure, official languages they are fluent in, citizenship, and residency.

BOARD DIVERSITY POLICY

The Board has established a Policy regarding diversity on the Board of Directors, the purpose of which is to achieve and maintain diversity on the Board. Through this policy, the Board wishes to ensure that it is comprised of highly talented and dedicated individuals with a diverse mix of experience, skills and backgrounds collectively reflecting the strategic needs of the business and the nature of the environment in which the Corporation operates.

For the purposes of this policy, diversity includes, but is not limited to, industry and management experience, educational background, functional area of expertise, geography, age, gender, ethnicity, language, sexual orientation and physical ability. These characteristics are considered to ensure that the Board, as a whole, can look at business issues from a number of different and relevant perspectives and carry out its responsibilities effectively. Any search firm engaged to identify candidates for the nomination of a member of the Board will be specifically directed to consider diverse candidates.

The Corporation has set out the following objectives in its Board Diversity Policy:

- **Gender parity:** The Board of the Corporation together with its subsidiary, Cogeco Communications Inc. aspire to have gender parity with women representing between 40% and 60% of the combined total of directors of both Corporations. Within each corporation, the Boards will strive to maintain at least 30% of women among its members.
- **Fluency in French:** As a corporation headquartered and with significant operations in Quebec, the Corporation recognizes the importance of the French language and ensures that all of its directors are fluent in French. All the meetings of the Board are held in French.
- **Geographic diversity:** As the Corporation operates in the Canadian provinces of Quebec and Ontario and in 13 U.S. states, it seeks directors with experience in these geographic areas, and has the objective of (i) having a balance of Canadian directors from each of Quebec and Ontario; and (ii) increasing U.S. representation on the Board, within legal limits.
- **Representation of other groups:** The Corporation wishes to progressively increase the representation of other “designated groups”, as defined in the Canadian *Employment Equity Act* (that is, in addition to women, members of visible minorities, Aboriginal peoples and persons with disabilities)

The Board annually tracks and discloses the representation of members of designated groups including women, visible minorities, Aboriginal peoples and persons with disabilities. Members of the Board annually self-identify whether they are a member of a designated group or possess other diversity related attributes to support the Corporation in assessing its composition and the Corporation's disclosure of representation.

In 2023, four of the eight nominees (50%) as directors self-identify² as members of designated groups, as three (37.5%) self-identify as women and one (12.5%) self-identifies as a person with a disability. The results have remained the same as regards to women and persons with disabilities. As of the date of this Information Circular, none of the nominees self-identify as Aboriginal Peoples nor member of visible minorities.

PUBLIC BOARD MEMBERSHIPS

If a nominee as Director is a director of another issuer that is a reporting issuer in a Canadian or foreign jurisdiction, that relationship is identified above under the heading "Information Concerning Nominees as Directors". The Corporate Governance Committee, when considering nominees, takes into account other commitments of the nominees and their anticipated ability to participate actively at Board and Committee meetings.

INTERLOCKING DIRECTORSHIPS

No nominee as Director currently serves with any other Director of the Corporation on the board of another company outside the Cogeco group of companies that is a public issuer.

MAJORITY VOTING FOR DIRECTORS

The Board has adopted a Majority Voting Policy which requires that any nominee for Director who fails to receive at least a majority of the votes cast for his or her election, treating for such purpose a "withhold" vote as a vote against such election, shall tender his or her resignation to the Board Chair promptly following the meeting at which he or she is elected.

The Corporate Governance Committee will consider the resignation offer and will make a recommendation to the Board within 90 days as to whether to accept it. The Board of Directors will promptly disclose its decision, via a press release. A Director who tenders a resignation pursuant to this policy will not participate in any meeting of the Corporate Governance Committee or the Board of Directors at which the resignation is considered. A resignation could only be refused under exceptional circumstances.

This policy accords with the requirements of the TSX and applies only to uncontested elections, meaning elections where the number of nominees for Directors is equal to the number of Directors to be elected upon such election as determined by the Board. A copy of this policy can be found on Cogeco's web site at <http://corpo.cogeco.com/cgo/en/governance/>.

STRATEGIC PLANNING

The Board provides oversight and direction in the strategic planning process of the Corporation with a view to ensuring that Management develops and implements appropriate corporate strategies. Management has the primary responsibility of bringing forward and recommending a strategic plan. Management is expected to explain the strategic options available to the Corporation, along with the key thrusts of the plan.

The Board holds a two day strategic planning session each year, with input from senior Management of the business units as well as external experts on relevant subjects. This focused session allows for an in depth discussion and consideration of risks and opportunities identified by Management and specific strategic imperatives. At the end of the two-day strategic session, the Board approves the overall strategic plan and direction of the Corporation which takes into account, among other things, the opportunities and risks of its global business and affairs identified by Management.

The Board monitors and assesses throughout the year developments which may affect the Corporation's strategic plan and monitors the execution of the strategic plan by Management. Quarterly updates on the progress of the strategic plan are provided to the Board by the Chief Strategy Officer.

ENTERPRISE RISK MANAGEMENT

Cogeco has a formal integrated enterprise-wide risk management program ("ERM Program") structured and governed based on the most recent, widely adopted Committee of Sponsoring Organizations of the Treadway Commission ("COSO") ERM Integrated Framework. This framework puts forward the strong connection between risk, strategy and enterprise performance. The ERM Program is supported by a defined governance structure under the purview of an ERM Steering Committee composed of the President and Chief Executive Officer and his direct reports. The ERM Program entails a systematic annual identification and ranking of risks as well as the identification of related risk mitigation strategies for risks classified as principal business risks facing the Corporation and its business units, in the context of its global business and affairs (the "Principal Business Risks"). A risk profile update is also presented to the ERM Steering Committee every quarter in order to review current principal business risks as well as identify any new or emerging risks and review mitigation measures. Risks are classified under several categories e.g. macroeconomic, strategic, operational, financial, compliance and environmental, social and governance (ESG), and take into consideration both short and longer term existing and emerging risks, as deemed relevant. Cogeco endeavours to identify and focus on the Principal Business Risks which have the potential to have a major impact on Cogeco's financial situation, revenues or activities, and to manage such Principal Business Risks as may be reasonable and appropriate under the circumstances. Management's current views on the uncertainties and main risk factors that could significantly affect the Corporation's financial condition, operational results or business are included in the Management's Discussion and Analysis section of the 2023 Annual Report.

The Board reviews annually the Principal Business Risks and the implementation by Management of appropriate measures to manage these Principal Business Risks. The Audit Committee reviews on a quarterly basis ERM activities and the risk profile update as well as the operational and financial risks associated with significant programs and projects of the Corporation. Other actions of the Audit Committee include, for example, reviewing the risk appetite framework and reviewing quarterly updates of the Corporation's outstanding contingencies including legal claims, tax assessments and other contingencies. The Audit Committee also reviews, at least once a year, the appropriateness of insurance coverage maintained by the Corporation and its subsidiaries.

RELATED PARTY TRANSACTIONS AND CONFLICTS OF INTEREST

The Audit Committee, which is comprised of members who satisfy the independence requirements as set within NI 52-110 of the CSA, reviews related party transactions to ensure their compliance with applicable legislations, regulatory rules and Cogeco's Code of Ethics. In particular, the Audit Committee reviews, on a quarterly basis, the estimated fees to be paid by Cogeco Communications to the Corporation under the Management Services Agreement, as further explained in the section of the circular "Interest of Management and Directors in Certain Transactions". When reviewing related party transactions, the Audit Committee takes all reasonable measures to ensure that the transacted value, the terms and conditions of such transactions are fair to both the Corporation and Cogeco Communications. A director or officer will not be involved in any decision related to any related-party transaction in which he or she has a interest.

All directors, officers and employees must promptly complete and submit a conflict of interest declaration form at ethics@cogeco.com any time a new actual, potential or perceived conflict of interest arises. In addition, directors and senior executive officers of the Corporation are required to complete annual questionnaires disclosing any conflict of interest. A director or officer of the Corporation must disclose to the Board or relevant Committee, as appropriate, in writing, or by requesting to have it entered in the minutes of the meeting at which disclosure is made, the nature and extent of any interest he or she has in an actual or proposed material transaction. The obligation applies whether or not the transaction would ordinarily require the approval of the Board or shareholders of the Corporation and disclosure must be made, in effect, under the provisions of the BCA as soon as he or she becomes aware of the

transaction. The Vice President, Internal Audit, also reports to the Corporate Governance Committee on any such conflicts of interest situations.

The Vice President, Internal Audit otherwise informs the Audit Committee on a quarterly basis on the number, scope and resolution of any reports that may be received relating to these matters. The Code is available on the Corporation's web site at <http://corpo.cogeco.com/cgo/en/governance/>. It may also be obtained upon request to the Secretary of the Corporation at its head office: 1 Place Ville Marie, Suite 3301, Montréal, Québec, H3B 3N2, telephone 514-764-4700. SUSTAINABILITY GOVERNANCE

Since 2022, the Board of Directors oversees the Corporation's sustainability strategy, goals, performance and related initiatives on a quarterly basis. Therefore, the Board of Directors, through the Audit Committee, now has ultimate oversight responsibility as it relates to the process of identifying, assessing and managing the Corporation's sustainability risks and opportunities, including climate-related risks and opportunities.

With regards to climate change specifically, it is considered a material and strategic topic for the Corporation and is therefore integrated into ongoing discussions and analysis at the most senior levels of management and the Board of Directors.

Responsibility for the sustainability strategy and related ESG issues lies within the Sustainability function which is held at a corporate level under the purview of the Sustainability Steering Committee. This Committee, which is composed of the President and CEO and his direct reports as well as some other executives, is responsible for reviewing ESG issues and trends, approving the results of the double materiality assessment and the sustainability strategy, identifying top risks and opportunities, setting objectives and monitoring ESG performance, in support of conducting business in a socially responsible and ethical manner. Business units are accountable for implementing their specific ESG initiatives and action plans. Quarterly updates are provided to the Board of Directors on key ESG topics.

The Corporation has put in place various initiatives and strategies aligned with the best ESG practices. The Corporation's sustainability strategy forms an integral part of its business strategy and is considered an important enabler thereof. In addition, the Corporation strives to further align its sustainability strategy with the United Nations' ("UN") Sustainable Development Goals ("SDGs") as part of its continued effort to drive long-term corporate sustainability and contribute to a better and more sustainable future for all. For more details on the Corporation's ESG related achievements and priorities, please refer to the "Sustainability Strategy" section of the Corporation's 2023 Annual Report which is available on the Corporation's website at <https://corpo.cogeco.com/cgo/en/sustainability>.

RETIREMENT AGE POLICY FOR DIRECTORS AND TENURE OF OFFICE

As stated in its charter, the Board's policy is not to require Directors to retire at a mandatory age. Neither does the Corporation have a fixed limit in years for Board tenure. In the view of the Board, obliging Directors to leave at a fixed age or after an arbitrary number of years may be counter-productive to good governance and could have the unfortunate impact of forcing the retirement of a Director who has gained great knowledge of the Corporation's business and affairs and who is still making a valuable contribution to the Board and relevant Committees that he or she serves on. The Board's approach is to rely instead on the Board's evaluation process to determine the timing of individual retirement, as further described below under "Board Renewal Process".

BOARD RENEWAL PROCESS

The Board acknowledges that there is value in refreshing Board membership regularly to ensure innovative thinking and approaches and enhance experience and skills. Thus, the composition and effectiveness of the Board and its Committees is reviewed annually by the Board, through its Corporate Governance Committee.

The Board relies on the annual Board's evaluation to guide the Board renewal process. Individual Director self and peer evaluations are also undertaken every year in order to identify if a Director continues to add value to the Board and any potential gap in skills or experience. The Board Chair then holds one-one meetings with each Director to discuss his (her) performance, the performance of his (her) colleagues and the performance of the Board as a whole. The Board Chair reports back to the Corporate Governance Committee in July of each year and provides feedback on the results of these individual assessments and their impact, if any, on the Board composition for the following year.

The Board of the Corporation has renewed itself effectively over the last five years with the arrival of three new Directors. When a change at the Board level is required, the Corporation launches a director recruitment process, as described below under "Director Recruitment".

DIRECTOR RECRUITMENT

Unless otherwise determined by the Board, when a director is being recruited, an *ad hoc* committee composed of the Board Chair, the President and CEO of the Corporation and other members of the Board, selected by the Board Chair after consultation with the Chairs of the Human Resources and the Corporate Governance Committees, initiates the process.

The *ad hoc* Committee takes into account in the recruitment process any potential gap in competencies, skills or experience that the Board should possess in the context of the Corporation's global business and affairs and determines the competencies, skills and qualities that should be sought in candidates as Directors. In doing so, the Committee relies on the results of the Board evaluation and on the Board skills matrix maintained by the Corporate Governance Committee, takes into consideration the range of considerations described under "Board Diversity Policy", and makes sure that non-executive Directors (other than the President and CEO and the Board Chair) are independent.

More specifically, in recognition of the importance of a diverse and inclusive Board, the *ad hoc* committee applies the following recruitment practices that will support this ongoing commitment

1. Any search firm engaged to identify candidates for the appointment of a member of the Board will be specifically directed to consider diverse candidates.
2. When assessing the composition of the Board and identifying suitable candidates, candidacy consideration uses objective criteria having due regard for the benefits of diversity. The DEP is reimbursed by the Corporation, subject to the Board Chair's approval.

ASSESSMENTS

The Board Chair and Corporate Governance Committee Chair conduct an annual formal review of Board and Committee effectiveness (including Directors' individual contributions). They develop annually with the Corporate Secretary a questionnaire which facilitates a written evaluation of the performance and effectiveness of the Board and each of the Board Committees as well as peer to peer assessments based on broad areas of business knowledge and work habits and self-assessments on the part of each individual Board member of his (her) own skills and qualifications. The questionnaire which is sent to the Directors at the beginning of each year covers such matters as the operation of the Board and of its Committees, the adequacy and timeliness of the information provided to Directors, the effectiveness of meetings and performance of Board and Committee members. The resulting information is analyzed by the Board Chair and Corporate Governance Committee Chair who then report in April to the Corporate Governance Committee, which in turn reports to the Board and identifies improvement opportunities. The Board Chair then meets with each Director individually which facilitates a discussion of the evaluation of his or her contribution and that of other Directors and other aspects of the functioning of the Board. The Board Chair reports back to the Corporate Governance Committee in July and provides feedback on the results of these individual assessments and their impact, if any, on the Board composition for the following year.

Members of the Board are also asked in the questionnaire to assess and comment on the performance of the Board Chair. Individual responses on the Board Chair evaluation are received by the Chair of the Corporate Governance Committee who reviews the results with the other members of the Corporate Governance Committee with the Board Chair, if present, withdrawing from the meeting, and then provides a summary to the Board Chair and the Board.

The results of the formal review conducted in 2023 showed that the Board and Committees are fulfilling their mandates properly and that Directors are satisfied with the operations of the Board.

BOARD'S EXPECTATIONS OF MANAGEMENT

In 2023, eight out of the 14 (57%) executive officers (as defined by the Canadian securities legislation) of the Corporation self-identify as members of designated groups, as seven (50%) self-identify as women and one (7%) self-identifies as a person with a disability. SUCCESSION PLANNING

In accordance with its Charter, the Human Resources Committee has responsibility for the process of succession planning for the President and Chief Executive Officer and the other executive officers. The Board assesses, with input from the Human Resources Committee, the need to fill vacancies whether arising through retirement or otherwise and whether qualified internal candidates are identified to fill such vacancies in these offices on an immediate and longer term basis.

The Board meets periodically with members of the Management team through their participation in meetings and presentations to the Board, at the annual strategic planning session and through informal meetings throughout the year. Such meetings provide the opportunity for Board members to get to know the Management team of the Corporation and its subsidiaries and assess their executive leadership potential. Executive assessments are also performed and development opportunities are identified and form part of the talent management process at the executive level. The Corporation recognizes the importance of leadership roles in the achievement of its strategic goals. A new competency model was introduced in 2020 and is now used to assess the leadership competencies required to deliver the Corporation's strategic plan. Global talent management sessions and succession planning exercises are conducted for all senior management positions annually and updates are provided to the Human Resources Committee. Leadership development opportunities are discussed at a company-wide level and leadership development plans for emerging leaders are reviewed and updated.

To ensure a pipeline of emerging talent from within the Corporation, personal and professional development are reviewed during the performance management cycle and integrated in individual development plans. Employee career interests are discussed. The identification of emergent leaders and experts in specific areas of the business is also integrated with talent discussions.

DEFERRED SHARE UNIT PLAN

The Corporation has a deferred share unit plan ("DSU Plan") to assist in the attraction and retention of qualified individuals to serve on the Board which is administered by the Human Resources Committee. Each existing or new member of the Board may elect in writing, in advance of the year to which his or her annual retainer(s) relates, to be paid a percentage of his or her annual retainer(s) in the form of DSUs with the balance, if any, being paid in cash. The number of DSUs that a member is entitled to receive in respect of any year is based on the elected percentage multiplied by his or her annual retainer and divided by the applicable share price. For such purpose, the applicable share price is the closing price of a subordinate voting share of the Corporation on the TSX averaged over the twenty (20) consecutive trading days immediately preceding by one day the date preceding the date of grant. Effective November 1, 2023, the applicable share price will be the volume weighted average trading price of the subordinate voting shares on the TSX for the five (5) trading days immediately preceding the grant date. Dividend equivalents are awarded in respect of DSUs in a member's account on the same basis as if the member was a shareholder of record of subordinate voting shares on the relevant record date, and the dividend equivalents are credited to the individual's account as additional DSUs (or fractions thereof).

A Director resident in Canada who ceases to be a member of the Board may redeem his or her DSUs for cash or shares in a maximum of two (2) installments, on two (2) payment dates, no later than December 15 of the first calendar year commencing after his or her termination date by providing up to two (2) written notices of redemption

to the Corporation specifying the portion of DSUs to be redeemed on each such payment date no later than December 1 of the first calendar year commencing after his or her termination date. In the absence of the delivery of a notice of redemption to the Corporation covering all DSUs credited to a Director's account on or before December 1 of the first calendar year commencing after his or her termination date, the Director will be deemed to have elected a cash payment and the payment of all or the remaining DSUs credited to his or her account will be made on December 15 of the first calendar year commencing after his or her termination date. In such a case, the lump sum cash payment shall be equal to the number of DSUs credited to the Director's account on such payment date multiplied by the share price, net of any applicable withholding taxes.

DIRECTOR SHARE AND DEFERRED SHARE UNIT OWNERSHIP

Directors are expected to accumulate subordinate voting shares of the Corporation or hold DSUs, as follows (the "Minimum Shareholding Expectations") within a five-year period starting on the first election of the Director to the Board of Directors:

Minimum Shareholding Expectations	
Board Chair	5x Base Salary
Other Directors	3x Basic Annual Retainer ⁽¹⁾

(1) The basic annual retainer is \$180,000. A Director who serves on the Board of both Cogeco and Cogeco Communications receives a lesser annual retainer from each entity in the amount of \$112,500.

To determine compliance with the Minimum Shareholding Expectations, the subordinate voting shares price is calculated based on the higher of the acquisition price and the closing price on the date of assessment. The DSU price is calculated based on the higher of the share price on the grant date, as such terms are defined at the time of the grant under the DSU Plan, and the closing price on the date of assessment.

Effective January 2024, a minimum of fifty (50)% of the Board member annual retainer will be paid in DSUs.

The following table presents the shareholdings of each current Director as at August 31, 2023:

LETTER TO THE SHAREHOLDERS

Dear shareholder,

In 2023, the HR Committee, working on behalf of the Board, reaffirmed its commitment to providing strong governance of people related matters through Cogeco. As the Corporation navigated dynamic markets and evolved its strategies, the importance of fostering a robust culture where talent is able to thrive has never been more evident. Throughout the year, the Committee has maintained close collaboration with Management, providing essential oversight and guidance to advance best practices and enhance transparency around executive compensation. All this was done while driving decisive actions to align the Corporation’s people strategies to best support the advancement of the business.

EXECUTIVE COMPENSATION

Our executive compensation philosophy is to pay fair, reasonable and competitive compensation. Central to our approach is the use of performance-based compensation, carefully designed to align the interests of our executive officers with those of our shareholders and other stakeholders. We continually monitor trends and best practices, allowing us to adjust the governance and application of our programs. This ensures a strong and accountable connection between executive pay and performance, all while keeping management focused on the prudent management of risk. We are pleased to report that last year our shareholders cast an advisory vote that was 99% in favor of our executive compensation policy and programs.

99% approval

The creation of Economic Value (EVC), which reflects the capacity of our executive officers to build value through the formulation and execution of competitive strategic plans, is at the core of the Corporation’s overall compensation approach. For Mr. Philippe Jetté, President and Chief Executive Officer of the Corporation, the Committee approved for fiscal 2023 an increase of 3.5% in base salary, and adjustment of his annual target bonus to 120% of base salary and an adjustment of his LTIP target to 285% of base salary. These changes reflect continued work by the Committee to progressively adjust Mr. Jette’s compensation to the market median.

TALENT AGENDA

Beyond matters of Executive Compensation, in 2023 the Committee’s focus has equally been on providing guidance and oversight to Management’s delivery of a renewed people strategy and talent agenda. Ultimately the goal continues to be to ensure the Corporation is positioned with an exceptional talent pool that is fully engaged, enabled, and empowered to drive performance. As part of these efforts, research was conducted to understand Cogeco’s unique employee value proposition. The findings underscore Cogeco’s appeal as a company that fosters meaningful

connections and collaboration, empowers every individual to make a meaningful impact, and prioritizes serving our communities.

Throughout the year, the Corporation's commitment to its people agenda has manifested in significant progress across key areas.

1. **Strengthening Succession Pipeline:** Management has intensified its focus on assessing the talent within our pipeline. This has led to increased insights regarding the potential and development needs of key talent throughout the Corporation. Simultaneously, preparations were made for the retirement-related transitions of Cogeco's Chief Legal Officer and Chief Technology Officer. We are delighted to welcome Tim Dinesen as our new Chief Technology Officer and Valery Zamuner as our Chief Corporate Affairs and Legal Officer. Both bring profound expertise and a track record of impressive accomplishments to our leadership team.
2. **Advancing Diversity, Equity and Inclusion:** In fiscal 2023, Cogeco's women's network, Connect Women, marked its 10th year and welcomed three new Employee Resource Groups: Connect Pride, Connect Multicultural, and Connect Abilities. These groups, supported by top leadership sponsorship, have cultivated communities and advocacy across the organization. Their presence on the Diversity Council has positively influenced practices related to communications, engagement, colleague programs, and supply-chain diversity.
3. **Change Enablement:** With a highly engaged colleague base, the Corporation has placed increased emphasis on effective change management throughout the year, delivering new tools, processes, training and for key projects, direct support from experienced change practitioners. This commitment to broadening change competency supported the successful delivery of key initiatives, including the transition of DERYtelecom's customers to Cogeco's platforms, the acquisition and integration of oxio, cultural transformation at Cogeco Media, and the deployment of various new tools and systems to support our front-line colleagues.
4. **Community of Leaders:** Our commitment to building a thriving community of leaders has grown stronger in the past year. We have initiated key improvements in talent reviews, performance management, and communications practices to empower leaders in maximizing the potential of their teams and supporting broader business priorities. Building on our research into our employee value proposition, over 50% of our people leaders have completed the first module of our leadership curriculum, Inclusive Leadership.

Collectively, these areas of progress, combined with the power of Cogeco's culture, have led to an improvement in employee engagement across all business units and for the Corporation as a whole, marking another successful year.

CONCLUSION

In conclusion, the HR Committee believes that the Corporation's executive compensation policy and programs provide the necessary tools to attract, retain and reward talented and experienced executives to create sustainable economic value for all shareholders over the long term. Beyond the executive team, the Committee has confidence in the Corporation's ongoing commitment to renew its culture, empower and enable its colleagues, and prepare its talent to execute on priority business strategies.

Shareholders will have a non-binding advisory vote on our approach to executive compensation at the Meeting. The resolution to be voted on can be found in the notice of the Meeting and is further described under the heading "Shareholder Advisory Vote on the Board's Approach to Executive Compensation".

Members of the Committee will be available at the annual meeting of shareholders to discuss and clarify any questions or concerns that shareholders may have on the executive compensation programs and policies.

ENGAGEMENT OF INDEPENDENT CONSULTANT

Consulting services on executive compensation requested by the Corporation fall under the authority of the Committee. WTW, as the executive compensation advisor to the Board, reports to and is hired by the Committee. The executive compensation services are provided under the following framework:

- The Committee reviews and pre-approves all consulting services including the executive compensation consulting services to be provided by WTW for the coming year, including all consulting fees related to the said services;

- WTW may work with management to collect required information and data and to validate preliminary findings related to executive compensation consulting mandates but report to the Committee to present final findings and recommendations for approval by the Committee or the Board as the case may be; and,
- WTW confirms their independence on an annual basis, through a letter of independence sent to the Chair of the Human Resources Committee. WTW fees for executive compensation services in fiscal 2023 amounted to \$155,373 compared to \$198,522 in Fiscal 2022.

ANNUAL EXECUTIVE COMPENSATION REVIEW APPROACH

The Committee has the responsibility of reviewing and making recommendations to the Board on the suggested level of and/or changes in the compensation of executive officers of the Corporation and its subsidiaries in regard to all elements of their compensation. During 2022, the Committee mandated WTW to conduct a compensation review of the executive officer positions to assess the Corporation's positioning relative to the market for executive officers' total compensation. The results of the review, combined with the Committee's assessment of individual and corporate performances, were used by the Committee to recommend changes to the compensation of the executive officers for fiscal 2023.

To support the Committee's review of compensation, the President and Chief Executive Officer presents to the Committee his assessment of the individual contribution of executive officers. This review is supplemented by market data provided by WTW. Based on this collective input, the Committee aligns on final recommendations that are presented to the Board for approval. For the President and Chief Executive Officer, the compensation recommendations are made by the Committee after reviewing his performance against his goals for the year and his commentary on his personal performance.

COMPENSATION GOVERNANCE PRACTICES

The Corporation has implemented a set of sound and responsible compensation practices, paying attention to ensure that its compensation policy is managed within generally recognized governance protocols. The Committee monitors such practices.

The following table summarizes the governance practices that the Corporation has implemented and those practices it avoids given they are recognized to not be in the best interests of the Corporation and its shareholders.

WHAT WE DO	WHAT WE DO NOT DO
<ul style="list-style-type: none"> ☑ Pay-for-Performance – a significant portion of our executive target compensation is performance-based and tied to pre-established financial and strategic performance goals aligned with our short and long-term objectives of generating sustainable Economic Value Creation for the Corporation and our Shareholders ☑ Reasonable Use of Equity Compensation – the level of dilution created by the issuance of treasury shares under our stock option plan has been low to ensure that our shareholders optimize their investment in our Corporation ☑ Stock Ownership Expectations – our Board of Directors has established minimum shareholding expectations applicable to members of our Board and senior executive officers ☑ Annual Shareholder "Say on Pay" – our shareholders have the opportunity each year to provide input on our executive compensation policy and programs through an annual "say on pay" vote ☑ Compensation Clawback Policy – all forms of incentive compensation awards are subject to recoupment provisions for selected senior executive officers ☑ Independent Compensation Consultant – the Committee may and does retain independent compensation consulting advisors ☑ Limit on Annual Incentive Payout – we apply a cap on the annual incentive payout set at two times the target bonus ☑ Balancing Risk and Reward – our Committee reviews our compensation policy and programs to test for compensation incentive features that could encourage excessive risk taking ☑ Post-retirement Stock Ownership – our President and Chief Executive Officer is committed, upon retirement, to maintain his stock ownership with a value of at least five times his final pre-retirement salary for one year following his retirement 	<ul style="list-style-type: none"> ☒ Hedging – Board members and executives are prohibited from engaging in hedging transactions related to equity securities granted as compensation ☒ Exercise Price of Stock Options – we do not grant stock options at a price below the price of the Corporation's subordinate voting shares on the Toronto Stock Exchange and do not permit the repricing of stock options ☒ Excessive Compensation the Committee does not approve increases in target total compensation in excess of what is required for maintaining competitiveness and alignment with performance ☒ Vesting of Performance Share Units – Performance Share Units granted vest only to the extent that there is Economic Value Creation on a cumulative 3-year basis ☒ Change of Control – in the case of a change of control of the Corporation, there is no severance offered unless an executive's employment is terminated following the change of control ("double trigger")

EXECUTIVE COMPENSATION APPROACH

FRAMEWORK GUIDING EXECUTIVE COMPENSATION DESIGN

With the objective of paying the executives of the Corporation and its subsidiaries total compensation commensurate to their performance and relative to market practices, the Corporation has established an executive compensation framework which is used to govern compensation decisions. In addition, the framework provides for a specific positioning of each element of total compensation within a well-defined group of comparable companies.

The Corporation's executive compensation framework has been developed by the Human Resources Committee based on four pillars.

Provide fair, reasonable and competitive total compensation	Promote and support a pay-for-performance philosophy	Support the strategic orientation of the Corporation within acceptable risk boundaries	Pay according to each executive's experience, competencies and contribution
<ul style="list-style-type: none"> Offer a reasonable and competitive compensation package to enable the Corporation to attract and retain key leaders who possess and master the skillset required to develop and execute winning strategies in a highly competitive business environment Structure the total compensation for an optimal balance between fixed and variable pay to ensure that highly qualified individuals can be attracted, retained and motivated for the benefit of the Corporation's shareholders 	<ul style="list-style-type: none"> A significant portion of the total compensation is variable and "at-risk" The "at-risk" compensation is linked to a combination of short and long-term Economic Value Creation, meeting short-term ESG metrics and share price appreciation 	<ul style="list-style-type: none"> Offer incentive compensation that drives successful achievement of the Corporation's strategic plan Promote reasonable risk taking with appropriate risk-mitigating vehicles incorporated into the design of the Corporation's various compensation programs Hold executives accountable for their specific financial results while considering overall corporate objectives 	<ul style="list-style-type: none"> Develop a compensation structure which allows for differentiation in pay according to each executive's experience, competencies and contribution Facilitate career progression and succession planning with responsible pay and appropriate internal equity

PEER GROUP BENCHMARKING

The Committee reviewed the selection criteria and the comparator groups to ensure they are representative of and competitive with the executive recruitment market. The Committee is of the opinion that the comparator groups are a good representation of the competitive market for its executives as they capture organizations against which the Corporation competes for both business and talent.

The Corporation uses two different comparator groups for its NEOs:

- The "primary comparator group" is used to benchmark executive compensation of the Corporation's Canadian-based executive officers; and
- The "U.S. comparator group" is used to benchmark executive compensation of U.S.-based executive officers of Breezeline.

PRIMARY COMPARATOR GROUP

The following table presents the primary comparator group including the criteria that were used to make the selection:

U.S. COMPARATOR GROUP

The Corporation reviews executive compensation of its U.S.-based executives against a group of companies that are similar in nature to the Corporation and that attract a similar profile of employees, professionals and experts.

The total compensation competitiveness is established in relation to the comparator groups and is aligned with the median. Top individual performers' total compensation could reach up to the 75th percentile.

The compensation market comparison is done using the regression analysis which is a method to predict the "size-adjusted" competitive level of compensation to reflect the size of the Corporation or its subsidiaries in relation to that of the other companies of the comparator group. This method mitigates the impact that much larger companies may have on the competitive compensation levels for the Corporation and its subsidiaries. Also, when comparator companies have much larger corporate scope, the benchmarking is done at the group/divisional level within these comparators.

EXECUTIVE COMPENSATION ELEMENTS

The following table summarizes the market positioning for each element of total compensation and in aggregate on a total compensation basis:

	Pay Element	Market Positioning

Direct Compensation	Base Salary	Market median	Above salary structure mid-point
	Short-term Incentive	Target set at market median	Maximum can reach twice target

Indirect Compensation	Benefits	Competitive (approximately market median)	Competitive (approximately market median)

(1) Strategic metrics vary by business unit and include customer experience, employee engagement, health and safety and Fuel Consumption Reduction.

ECONOMIC VALUE CREATION - DRIVER OF CORPORATION'S PAY FOR PERFORMANCE STRUCTURE

The Corporation uses an Economic Value Creation (EVC) approach to measure and monitor the corporate and business unit performance, which impacts the final payout of both the annual bonus and the Performance Share Units. The Corporation believes that EVC supports its pay-for-performance philosophy in the following ways:

- It collectively creates balanced focus on several metrics, namely adjusted EBITDA growth, capital spending and cash-flow generation, and balances growth with capital efficiency;
- It is a financial metric which can be measured and which executives can directly contribute to achieving; and
- There is a strong correlation between EVC performance and growth in shareholder value over time.

The targeted EVC objectives for each business unit are established by a review of the Corporation's and peers' historical and projected financial performance, such as revenue and adjusted EBITDA growth, adjusted EBITDA margins and capital expenditure intensity.

Management and the Board annually review, discuss and agree on the specific targeted objectives for a given year based on the level of EVC that the Corporation believes necessary to support a sustained and satisfactory level of increase in shareholder value for the period.

EVC targets are created at the business unit level and are then rolled up at the Corporation's level for corporate executives compensation purposes.

The Economic Value for a given year is calculated based on the following formula:

$$\text{Economic Value Creation} = \frac{\text{Equity Value}^{(1)} \text{ of Fiscal Year}}{\text{Equity Value}^{(1)} \text{ of Preceding Fiscal Year}}$$

⁽¹⁾ Equity Value = Enterprise Value (EBITDA x Multiple) - Net debt.

STRATEGIC OBJECTIVES - COMPLEMENTS TO THE CORPORATION'S PAY FOR PERFORMANCE STRUCTURE

In the short-term incentive program, the Corporation has carefully balanced the metrics to avoid an exclusive focus on financial targets. As a result, the a selection of strategic metrics has been incorporated to augment the program's effectiveness. These strategic metrics include:

- The enhancement of customer experience;
- Fostering heightened employee engagement;
- Prioritizing health and safety measures; and
- Promoting a reduction in fuel consumption.

By integrating these diverse metrics into the incentive program, the aim is to align the values of the Corporation with a comprehensive approach that prioritizes the well-being and progress of its employees, customers, and the broader community. This multifaceted approach ensures a well-rounded incentive program that emphasizes the Corporation's commitment to holistic growth and sustainable practices.

SHORT-TERM INCENTIVE COMPENSATION

Mission	Promote and engage senior executives in generating Economic Value Creation for the Corporation and each of the main Business Units. A sustained positive Economic Value creation reflects the capacity of our executive officers to formulate solid strategic plans combined with effective execution. Emphasize responsible business practices that support Cogeco’s values.																			
Performance indicators	Attaining Economic Value Creation target (60% weighing). In addition, there are strategic metrics included in the measurement of performance in the short-term incentive, namely in 2023 the customer experience (15% to 20% weighting), employee engagement (10% weighting), health and safety (up to 5% weighing) and fuel consumption reduction (5% to 10% weighting). The Corporation regularly reviews the weighting of the different measures to ensure it is aligned with its priorities.																			
Incentive formula	60% to 70% of the short-term incentive is based on Economic Value Creation. Economic Value is created when the calculated Equity Value of the Corporation or the Business Unit for the year exceeds that of the prior year. The Economic Value is a metric that encompasses other metrics (adjusted EBITDA, capital expenditure spending and cash-flow generation) and as such, should not be considered as a single metric but as a combination of metrics. (Refer to Section “Economic Value Creation - Driver of Corporation’s Pay for Performance Structure” for a full description of the Economic Value Creation model used by the Corporation). SHARE OWNERSHIP (INCLUDING INCENTIVE SHARE UNITS AND PERFORMANCE SHARE UNITS)

To further align the interests of senior management with those of shareholders, the Corporation expects executives who participate in the long-term incentive program to accumulate and retain Corporation shares over the course of their career. The guidelines take the form of minimum expectations of ownership expressed as a multiple of salary for the Designated Senior Executives as follows:

	Minimum shareholding expectation
Chief Executive Officer	5x Base Salary
Chief Financial Officer	2.5x Base Salary
Others	2x Base Salary

The minimum shareholding expectations are accumulated through shares, ISUs, PSUs (based on 50% of units granted). Executives who are officers of both Cogeco and Cogeco Communications can comply with ownership expectations using a combination of shares, ISUs and/or PSUs from both entities.

There is no minimum period to comply with the ownership expectations. However, the compliance period for an executive who becomes subject to the ownership expectations for the first time is not expected to exceed five years.

The following table presents the shareholdings of each NEO as at August 31, 2023 in comparison with the minimum ownership expectation:

CLAWBACK OF PRIOR AWARDS

The Corporation's clawback policy applies to the Chief Executive Officer and the Chief Financial Officer of the Corporation and the Business Unit Presidents. Under this policy, the Board of Directors of the Corporation, upon the recommendation of the Human Resources Committee, shall have the discretion to clawback all or a portion of the after-tax gains on any bonus or incentive-based awards including the short-term incentive, ISUs, PSUs, stock options or stock appreciation rights of the officers listed above in the event that the executive is found to have engaged in gross negligence, serious misconduct or fraud that caused or partially caused a material restatement of the Corporation's financial statements in a way that should have resulted in lower bonus or incentive-based awards.

In addition, with respect to short-term incentive or mid and long-term incentives granted after July 15, 2020, in the event that any executive is found to have engaged in gross negligence, serious misconduct or fraud, whether or not there is a financial restatement, the Board may, to the full extent permitted by governing law, require the reimbursement of all or a portion of any such bonus or incentive-based awards paid to, granted to or acquired by one of the officers listed above.

CONSTRAINT ON HEDGING

The Corporation has included in its Insider Trading Policy a section that prohibits executives and Directors from, among other things, entering into speculative transactions and transactions designed to hedge or offset a decrease in

market value of equity securities granted as compensation. Accordingly, the section provides in effect that an NEO is not permitted to sell or purchase put or call options on securities of the Corporation, to engage in short selling, or to purchase a forward contract, including for greater certainty, prepaid variable forward contracts, equity swaps, collars, units of exchange funds or other instruments that are designed to hedge or offset a decrease in value of equity securities of the Corporation granted as compensation or held directly or indirectly by the NEO. The same constraints apply to Directors of the Corporation.

TOTAL COMPENSATION – FIVE-YEAR LOOK BACK

One of the objectives of the Corporation's compensation policy is to maintain a strong link between pay and performance. The following graph shows the evolution of the target compensation and realizable compensation (CEO Index) of Mr. Jetté for each of the past five years in relation to shareholder value created (Shareholder Index) for the same periods. The realizable value is the total value of the CEO's compensation, inclusive of the realizable value of ISUs, PSUs and options at the earlier of the vesting date or August 31, 2023. The CEO's realizable value amounted to \$81 for each \$100 of target compensation over the 5-year period. By comparison, from a shareholder's point of view, the value of \$100 invested in Cogeco's subordinate voting shares at the beginning of the period amounted to \$99 as of August 31, 2023, for a 0% annual rate of return.

As a significant portion of the CEO's total compensation is conditional on the Corporation's financial and stock performance, the Board notes that the realizable compensation offered to the CEO is fair and reasonable in relation with total shareholder return over the last 5 years. The Board is therefore satisfied that the Corporation's compensation policy is well aligned with long-term value creation for the shareholders.

Total Target Compensation for the Year [A] ⁽¹⁾	\$3,627,975	\$4,581,304	\$4,271,683	\$5,174,561	\$5,035,321	\$22,690,844

(3) Represents the realizable value achieved at the end of the period for \$100 awarded in total target compensation

(4) Represents the value of a \$100 investment in shares made on the first trading day of the period indicated (including share price variation and dividends)

Base salary, pension and perquisites are the same under both target and realizable compensation. The value of the annual bonus, the ISUs, the PSUs and the stock options differ between target and realizable compensation as specified below:

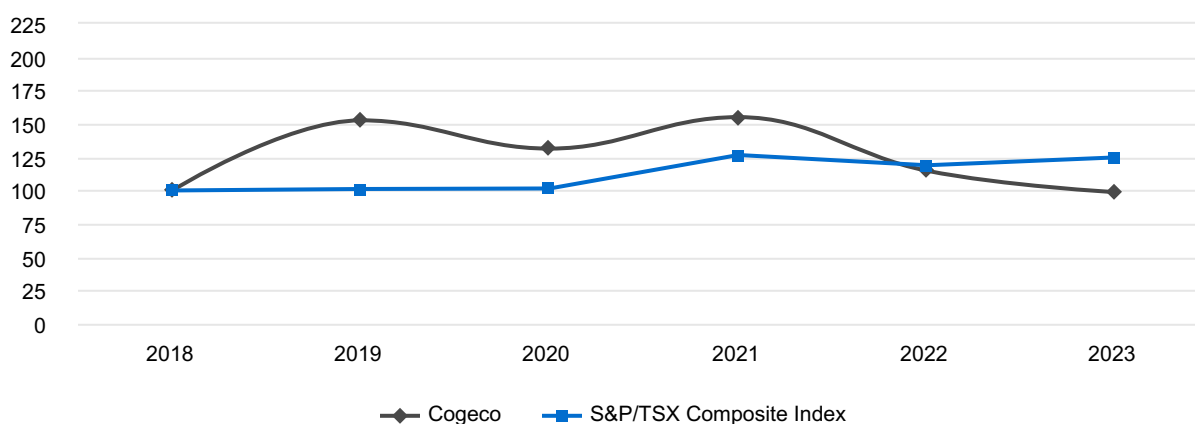

Compensation Element	Realizable Compensation	Target Compensation
Annual Bonus	Actual bonus paid during the year	Target bonus
ISUs	Value of the units based on the actual share price at the earlier of vesting date or August 31, 2023	Value of the units on the date of the grant (using share price on the date of the grant)
PSUs	Value of the units based on the actual share price at the earlier of vesting date or August 31, 2023. Subject to achievement of target cumulative 3-year Economic Value Creation	Value of the units on the date of the grant (using share price on the date of the grant).
Stock Options	"In-the-money" value of the options based on the actual share price on August 31, 2023	Value on the date of the grant (or Black-Scholes value)

TRENDS BETWEEN NEOS' PAY AND TOTAL SHAREHOLDER RETURN

The following graph illustrates the evolution of the target total direct compensation and realizable total direct compensation of the NEOs (NEO Index) over the last five years with the evolution of the total shareholder return (Shareholder Index) for the same period.

The realizable value is the total value of the NEOs' compensation, inclusive of the realizable value of ISUs, PSUs and options at the earlier of the vesting date or August 31, 2023. The NEOs' realizable value amounted to \$83 for each \$100 of target compensation over the 5-year period. By comparison, the value of \$100 invested in Cogeco's subordinate voting shares at the beginning of the period amounted to \$99 as of August 31, 2023 for a 0% annual rate of return. The Board is therefore satisfied that the Corporation's compensation policy is well aligned with long-term value creation for the shareholders.

- (2) Represents the value of a \$100 investment in shares made on the first trading day of the period indicated (including share price variation and dividends).

COST OF MANAGEMENT RATIO

To demonstrate the link between NEO compensation and the Corporation's performance, the following table shows the total cost of compensation to the NEOs as a percentage of the Corporation's net income for fiscal years 2023 and 2022:

(1) The services of the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer and the Senior Vice President Corporate Affairs and Chief Legal Officer and Secretary are provided to the Corporation under the terms of the Management Services Agreement described under the heading "Interest of Management and Directors in Certain Transactions". The annual compensation described above is paid by Cogeco and represents the services provided by these three senior executive officers to Cogeco and Cogeco Communications. There is no allocation of such compensation made between the two companies. However, certain grants were made to them in options to purchase subordinate voting shares of Cogeco Communications and share-based awards (PSUs) of Cogeco Communications as noted in the table and for which a charge was made to Cogeco as referred to under "Interest of Management and Directors in Certain Transactions"

(2) Compensation payable by Breezeline. The compensation information of Mr. van der Post is expressed in Canadian dollars using an exchange rate of US\$1.00 = C\$1.2691 for 2021, US\$1.00 = C\$1.2718 for 2022 and US\$1.00 = C\$1.3467 for 2023.

(3) Amounts shown in 2023, 2022 and 2021 represent share-based awards of Cogeco granted at a share price of \$58.02, \$79.23, \$80.34 and respectively, and share-based awards and stock-options of Cogeco Communications granted at a share price of \$69.48, \$100.78 and \$94.23 respectively, which were the closing prices of Cogeco's subordinate voting shares and Cogeco Communications' subordinate voting shares on November 1, 2022, November 16, 2021 and October 29, 2020, respectively.

(4) Amounts shown in 2023, 2022 and 2021 represent share-based awards and stock-options of Cogeco Communications granted at a share price of \$69.48, \$100.78 and \$94.23, respectively, which were the closing prices of Cogeco Communications subordinate voting shares on November 1, 2022, November 16, 2021 and October 30, 2020 respectively.

- (5) The grant date fair value of option awards on subordinate voting shares of Cogeco Communications made in fiscal year 2023 was calculated using the Black-Scholes model. The Black-Scholes factor has been determined using a 6-year average volatility and 1-year dividend yield at the date of grant. The Black-Scholes factor used for fiscal year 2023 is 18% of the exercise price. This methodology for determining the fair value of the grants is used as it corresponds to the compensation value which the Board intended to provide to the NEOs within the Corporation's compensation policy. This method is consistent with the method used by the Committee's compensation advisors when valuing the equity-based awards of other companies for competitive total compensation comparison purposes. The amount of the differences between fair value of the awards (set forth in the option-based awards column of the SCT) and the fair value determined for purposes of the financial statements are set forth below:

Name	SCT Values \$	Accounting Values \$
Philippe Jetté	542,590	507,291
Patrice Ouimet	139,121	130,070
Frédéric Perron	130,404	121,921
Frank van der Post	162,696	152,111
Christian Jolivet	87,370	81,686

The difference between the grant date fair value for accounting purposes and the grant date fair value for compensation purposes as disclosed in the SCT is due to the use of different assumptions and estimates.

- (6) The President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer and the Senior Vice President Corporate Affairs and Chief Legal Officer and Secretary are paid by Cogeco and their short-term incentive payouts are calculated using the results of Cogeco.
- (7) As President of Cogeco Connexion, Mr. Perron's compensation is payable by Cogeco Connexion and his short-term incentive payout is calculated using the results of Cogeco Connexion.
- (8) As President of Breezeline, Mr. van der Post compensation is payable by Breezeline and his short-term incentive payout is calculated using the results of Breezeline.
- (9) Pension value. See the heading "Defined Benefit Plan Table" for Mr. Jetté, Mr. Ouimet, Mr. Jolivet and Mr. Perron and see the heading "Defined Contribution Plan Table" for Mr. van der Post
- (10) Benefits not exceeding the lesser of \$50,000 or 10% of salary are not disclosed. Mr Perron received a signing bonus of \$300,000 paid in two equal installments in September of Fiscal year 2021 and Fiscal year 2022.

INCENTIVE PLAN AWARDS

The table below describes award-by-award, all unexercised options and all non-vested ISUs and PSUs for the financial year ended August 31, 2023. By virtue of these option awards and subject to the applicable vesting restrictions, the NEOs have the right to acquire subordinate voting shares of Cogeco and subordinate voting shares of Cogeco Communications or, as applicable, under the relevant Option Plan. However, there have been no awards of stock options under Cogeco's Option Plan to any of the NEOs since 2001. Any awards of stock options to these NEOs have been granted under the Option Plan of Cogeco Communications.

The holder of options is not entitled to exercise any option granted, whether or not vested, if his or her employment is terminated for cause. The holder of options is entitled to exercise all vested options if his or her employment is terminated for any other reason. An option holder can elect to authorize a third party, during the last six months of the exercise period for his or her options, in the sole discretion of such third party, to exercise any of his or her options that remain unexercised, to sell, subject to certain provisions of the Option Plan, all of the subordinate voting shares purchased upon such exercise and to remit to the option holder the proceeds of sale less the amount paid to effect such exercise and any related brokerage fees. This automatic disposition mechanism is meant to relieve an option holder, who might be constrained during the last six months by blackout periods for trading or a lengthy period pending disclosure of material information by the Corporation from having options expire unexercised.

STOCK OPTION PLAN

The Stock Option Plan (the "Option Plan") entitles the Board of Directors of the Corporation to grant to key full time employees and executive officers of the Corporation and of its subsidiaries options to acquire up to 1,545,700 subordinate voting shares representing 9.6% of the outstanding subordinate voting shares of the Corporation.

The following table summarizes the status of the share reserve as at August 31, 2023:

	Number of subordinate voting shares August 31, 2023	% of outstanding subordinate and multiple voting shares August 31, 2023
Issuable pursuant to options outstanding	0	0.0%
Issuable pursuant to options available for granting	434,149	2.8%
Reserved for issuance ⁽¹⁾	434,149	2.8%
Issuable pursuant to options granted during year ended August 31, 2023 ⁽²⁾	0	0%

(1) Referred to as "overhang ratio".

(2) Referred to as "burn rate" based on the weighted average number of Equity Shares outstanding. In fiscal 2021 and 2022, the burn rate was nil.

The exercise price of any option granted under the Option Plan is determined by the Board of Directors on the date of grant and must not be less than the closing price of the subordinate voting shares of the Corporation on the TSX on the trading day preceding the date of the grant of the option.

The options become vested for the holder in successive equal blocks over a period of up to five years after they are granted. The Board of Directors of the Corporation may, at its discretion, accelerate the vesting of options issued from time to time under the Option Plan in the event of the sale of the assets of the Corporation or of Cogeco Communications, or a merger, amalgamation or absorption into another entity, distribution of assets or takeover bid for shares of the Corporation or of Cogeco Communications.

The options must be exercised within their term, which shall be no longer than ten years following their date of grant. Any options granted to an employee who is terminated for cause shall terminate immediately and no portion of the terminated options will be exercisable. If an employee is terminated for any other reason than for cause, any vested options granted to the employee may be exercised for a period of 30 days following the date of termination, or within an additional 150 days at the discretion of the President and Chief Executive Officer of the Corporation.

The Option Plan includes an automatic disposition mechanism which allows an option holder to elect to authorize a third party, during the last six months of the exercise period for his or her options, in the sole discretion of such third party to exercise any of his or her options that remained unexercised, to sell all of the subordinate voting shares purchased upon such exercise and to remit to the option holder the proceeds of sale less the amount paid to effect such exercise and any related brokerage fees. This mechanism is meant to protect an option holder, who might be constrained from trading during the last six months by blackout periods from having options expire unexercised.

No options on subordinate voting shares of the Corporation have been granted to officers and employees of the Corporation since 2001. Similarly, no share options were granted to Directors of the Corporation as such.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table summarizes, as of August 31, 2023, the equity compensation plans pursuant to which equity securities of the Corporation may be issued:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average price of outstanding options, warrants and rights \$	Number of securities remaining available for future issuance under plans (excluding securities reflected in the first column)
Option plan of the corporation approved by shareholders	0	0	434,149

The Option Plan of the Corporation is the only compensation plan pursuant to which equity securities (i.e.: subordinate voting shares) of the Corporation may be issued. It is described under the subheading "Deferred Compensation Plans".

U.S. RETIREMENT PLAN

Mr. van der Post participates in the U.S. Retirement Plan, a defined contribution retirement plan which complies with Section 401(k) of the U.S. Internal Revenue Service ("IRS"). This plan is open to non-union employees. Participants may make voluntary tax deferred contributions to the U.S. Retirement Plan subject to limitations imposed by the IRS. For employees meeting a two-month service requirement, the employer matches 50% of the employees' contributions up to a maximum of 5.0% of the employees' compensation. The matching contribution is subject to limitations imposed by the IRS. Contributions from highly compensated employees may be limited to less than statutory limits in order to meet the IRS non-discrimination requirements. The employer may also make a discretionary profit sharing contribution to the plan. For the year ended August 31, 2023, there was no profit sharing contribution. All employer contributions are gradually vested over 2 years. They are however 100% vested if the participant is employed on or after the early or normal retirement date or in case of death or disability. All contributions are invested in various investment funds as selected by the participant. The above reflects the main provisions of the plan effective April 1, 2023.

DEFINED BENEFIT PLAN TABLE

The following table details, for each of the Canadian NEOs, the number of years of credited service at year end of August 31, 2023, the annual lifetime benefits payable based on the years of credited service at year end and projected at age 65, the accrued obligation at the start of the year and at year end and the difference between these last two amounts being split between compensatory and non-compensatory changes:

Name	Years of Credited Service	Annual Lifetime Benefits Payable		Accrued Obligation	Compensatory	Non-Compensatory	Accrued Obligation
	At Year End #	At Year End \$	At Age 65 \$	At Start of Year \$	\$	\$	At Year End \$
(A)	(B)	(C1)	(C2)	(D)	(E)	(F)	(G)
Philippe Jetté	12.5 / 12.5	242,000	345,000	3,154,000	281,000	49,000	3,484,000
Patrice Ouimet	8.8 / 8.8	105,000	268,000	973,000	124,000	(5,000)	1,092,000
Frédéric Perron	3.0 / 3.0	39,000	257,000	240,000	115,000	2,000	357,000
Christian Jolivet	19.7 / 26.5	194,000	225,000	2,481,000	113,000	17,000	2,611,000

In the preceding table, all figures are for the Basic Plan and the Additional Allocation Program combined, except in column (B) where the first figure corresponds to the years of credited service in the Basic Plan, followed by the years of credited service in the Additional Allocation Program. The annual lifetime benefits illustrated in columns (C1) and (C2) are estimated on the basis of the average compensation of the Canadian NEO as at August 31, 2023 and on the basis of the fiscal limit applicable for 2023. The compensatory change in column (E) corresponds to the service cost net of employee contributions plus the impact of the differences between actual and estimated earnings on the obligation and the service cost. The non-compensatory change in column (F) includes all items that are not compensatory, such as changes in actuarial assumptions, employee contributions and interest on the obligation and the service cost.

DEFINED CONTRIBUTION PLAN TABLE

The following table details the amount accumulated by Mr. van der Post in the U.S. Retirement Plan, at the start of the year and at year end, and the amount contributed by the employer.

Name	Accumulated value at Start of Year ⁽¹⁾ \$	Compensatory \$	Accumulated value at Year End \$
(A)	(B)	(C)	(D)
Frank van der Post	82,000	11,000	161,000

(1) Mr. van der Post joined the plan in 2020

The accumulated value at Start of Year corresponds to the amount as at September 30, 2022 and the accumulated value at Year End to the amount as at September 30, 2023. The compensatory amount in column (C) corresponds to the amount of contributions made by the employer during the fiscal year. The amount in column (C) has been converted to Canadian dollars using the Bank of Canada's foreign exchange rate of US\$1.00 = C\$1.3467. This represents the 12-month average rate within the fiscal year. The amount in column (D) has been converted to Canadian dollars using the Bank of Canada's foreign exchange rate of US\$1.00 = C\$1.3707 in 2022 and of US\$1.00 = C\$1.3520 in 2023. This corresponds to the foreign exchange rate on the last trading day of each respective fiscal year. The accumulated value evolves from one year to the other with employee and company contributions and with investment earnings and an allocation of administrative expenses and it also takes into account the foreign exchange rate.

RETIREMENT PLANS GOVERNANCE

The Board has a process in place to review the sound governance of the retirement plans of the Corporation. The Board delegates this responsibility to the Human Resources Committee which, as stated in its charter, is responsible

to review periodically trends and developments related to retirement plans in North America and to make recommendations to the Board on all retirement plans of the Corporation and on any material amendments to these plans. More specifically, the Committee is also responsible for monitoring and reviewing, as appropriate, the administration, funding and investment of the retirement plans as well as to oversee the selection of fund managers.

The Committee reviews annually the performance of the investment manager of the defined benefit pension plans. It is worth noting that the defined benefit pension plans of the Corporation do not cover many members and are not available to new participants other than eligible executives and, as such, represent a lower risk for the Corporation.

The Committee also reviews annually the administration and performance of the defined contribution plan for the Ontario employees and the registered retirement savings plan for the Québec employees not participating in the defined benefit pension plans noted above.

TERMINATION AND CHANGE OF CONTROL BENEFITS

Three of the NEOs, Messrs. Jetté, Ouimet and Jolivet, entered into employment contracts for no fixed term with Cogeco and Cogeco Communications, respectively. Mr. Perron entered into an employment contract for no fixed term with Cogeco Connexion. Mr. van der Post entered into an employment contract for no fixed term with Breezeline. Pursuant to these contracts, each of these individuals, in addition to basic salary, is eligible for an annual bonus determined on the basis of performance criteria described above. Each may receive ISUs and/or PSUs and/or stock options pursuant to the long-term incentive plans described above.

The employment contract for Mr. Jetté provides, in the event of involuntary termination of employment other than for cause, for the payment of amounts equivalent to 24 months of the annual salary plus target bonus and car allowance. The employment contract for Mr. Ouimet provides, in the event of involuntary termination of employment other than for cause, for the payment of amounts of up to 18 months of the annual salary plus target bonus and car allowance. The employment contract for Mr. Jolivet provides, in the event of involuntary termination of employment other than for cause, for the payment of amounts of 24 months of the annual salary plus target bonus and car allowance. The employment contract for Mr. Perron provides, in the event of involuntary termination other than for cause, for the payment of amounts equivalent to 18 months of the annual salary plus target bonus and car allowance. The employment contract for Mr. van der Post provides, in the event of involuntary termination of employment other than for cause, an amount equal to one time the annual base salary plus one time the annual cash bonus at target. Mr. van der Post is also eligible to continuity of health benefits during the severance period, if he elects to.

Messrs. Jetté, Ouimet, Jolivet, Perron and Van der Post are also eligible for the Senior Management Special Remuneration Plan in the event of a change of control in the Corporation (the "Special Plan"). It is intended to provide indemnity to the senior Management by way of severance allowance, continuity of benefits, acceleration of rights to exercise ISUs, PSUs and options, and related protections in the event of a change of control of the Corporation which is followed by a termination of employment, also referred to as a double trigger.

For such purpose, a "change of control" would arise, for example, if the Audet family (being any one or more of the descendants, as defined in the Civil Code of Quebec, of the late Henri and Marie-Jeanne Audet, and their respective successors) should cease to hold, alone or together, directly or indirectly, through trusts, holdings or otherwise, the majority of votes attached to the voting shares of Cogeco or if Cogeco should cease to hold the majority of the votes attached to the voting shares of Cogeco Communications. The protections under the Special Plan apply, in terms of eligibility, to the senior executives of the Corporation in Canada, and include an indemnity by way of severance (including salary and bonus) of 24 months.

The following table summarizes the nature of the benefits offered as at August 31, 2023 according to the type of termination:

Type of Termination	Severance	Bonus	Options	ISUs	PSUs	Benefits	Retirement
