ANNUAL INFORMATION FORM

2024

1 PLACE VILLE MARIE SUITE 3301 MONTRÉAL, QUÉBEC H3B 3N2

PROFILE

Cogeco Inc. is a North American leader in the telecommunications and media sectors. Through Cogeco Communications Inc., we provide world-class Internet, video and wireline phone services to 1.6 million residential and business subscribers in Canada and thirteen states in the United States. We also offer wireless services in most of our U.S. operating territory. Through Cogeco Media, we operate 21 radio stations in Canada, primarily in the province of Québec, as well as a news agency. Both Cogeco Inc.'s and Cogeco Communications Inc.'s subordinate voting shares are listed on the Toronto Stock Exchange (TSX: CGO and CCA)

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Annual Information Form ("AIF") may constitute forward-looking information within the meaning of securities laws. Forward-looking information may relate to Cogeco's future outlook and anticipated events, business, operations, financial performance, financial condition or results and, in some cases, can be identified by terminology such as "may"; "will"; "should"; "expect"; "plan"; "anticipate"; "believe"; "intend"; "estimate"; "predict"; "potential"; "continue"; "foresee", "ensure" or other similar expressions concerning matters that are not historical facts. Particularly, statements relating to the Corporation's financial quidelines, future operating results and economic performance, objectives and strategies are forward-looking statements. These statements are based on certain factors and assumptions including expected growth, results of operations, purchase price allocation, tax rates, weighted average cost of capital, performance and business prospects and opportunities, which Cogeco believes are reasonable as of the current date. Refer in particular to the "Corporate objectives and strategy" and "Fiscal 2025 financial quidelines" sections of the Corporation's 2024 annual Management's Discussion and Analysis ("MD&A") for a discussion of certain key economic, market and operational assumptions the Corporation has made in preparing forward-looking statements. While Management considers these assumptions to be reasonable based on information currently available to the Corporation, they may prove to be incorrect. Forward-looking information is also subject to certain factors, including risks and uncertainties that could cause actual results to differ materially from what Cogeco currently expects. These factors include risks such as general market conditions, competitive risks (including changing competitive and technology ecosystems and disruptive competitive strategies adopted by our competitors), business risks, regulatory risks, tax risks, technology risks (including cybersecurity), financial risks (including variations in currency and interest rates), economic conditions (including inflation pressuring revenue, reduced consumer spending and increasing costs), talent management risks (including the highly competitive market for a limited pool of digitally skilled employees), human-caused and natural threats to the Corporation's network (including increased frequency of extreme weather events with the potential to disrupt operations), infrastructure and systems, sustainability and sustainability reporting risks, ethical behavior risks, ownership risks, litigation risks and public health and safety, many of which are beyond the Corporation's control. For more exhaustive information on these risks and uncertainties, the reader should refer to the "Uncertainties and main risk factors" section of the Corporation's 2024 annual MD&A. These factors are not intended to represent a complete list of the factors that could affect Cogeco Communications and future events and results may vary significantly from what Management currently foresees. The reader should not place undue importance on forward-looking information contained in this AIF which represent Cogeco's expectations as of the date of this AIF (or as of the date they are otherwise stated to be made) and are subject to change after such date. While Management may elect to do so, the Corporation is under no obligation (and expressly disclaims any such obligation) and does not undertake to update or alter this information at any particular time, whether as a result of new information, future events or otherwise, except as required by law.

In this AIF, the terms "Cogeco" and the "Corporation" refer collectively to Cogeco Inc. and its subsidiaries, unless the context otherwise requires or indicates.

All dollar figures are in Canadian dollars, unless stated otherwise.

The information provided in this AIF is presented as at the last day of the Corporation's most recently completed financial year (i.e. August 31, 2024), except where it is specified in the AIF that the information is presented at another date.

1. Corporate Structure

1.1. Name, Address and Incorporation

Cogeco was incorporated under Part I of the *Companies Act* (Québec) on July 24, 1957 and was continued under the authority of Part IA of the same Act by virtue of a certificate of continuance dated November 8, 1984. Certificates of amendment were issued to the Corporation on July 8, 1985, November 7, 1985, December 19, 1988, August 15, 1989, July 11, 1990 and February 15, 1993 to change the composition of its share capital. As a result of these changes, the share capital of the Corporation is comprised of subordinate voting shares (the "Subordinate Shares"), of multiple voting shares (the "Multiple Shares"), of class A preferred shares (the "Class A Shares") and of class B preferred shares (the "Class B Shares"), each of which classes of preferred shares may be issued in series.

The July 8, 1985 amendment created an unlimited number of preferred shares at a par value of \$1 per share and provided for the convertibility of common shares into preferred shares on a share for share basis at the option of the holder of common shares before the close of business on August 31, 1985.

The November 7, 1985 amendment cancelled the preferred shares created on July 8, 1985 and created an unlimited number of Subordinate Shares, an unlimited number of Multiple Shares, an unlimited number of Class A Shares and an unlimited number of Class B Shares, all without par value, and provided for the conversion of all issued and outstanding common shares into Subordinate Shares and Multiple Shares.

The December 19, 1988 amendment created a first series of 800,000 convertible Class A Shares at an issue price of \$25 per share.

The August 15, 1989 amendment created a first series of 7,500,000 convertible Class B Shares at an issue price of \$9 per share.

The July 11, 1990 amendment created a second series of 29,374 convertible Class A Shares at an issue price of \$25 per share.

The February 15, 1993 amendment provided for the mandatory redemption, by the Corporation, of all the outstanding Class B Shares, series 1.

On December 28, 1993, the Corporation redeemed all the outstanding Class A Shares.

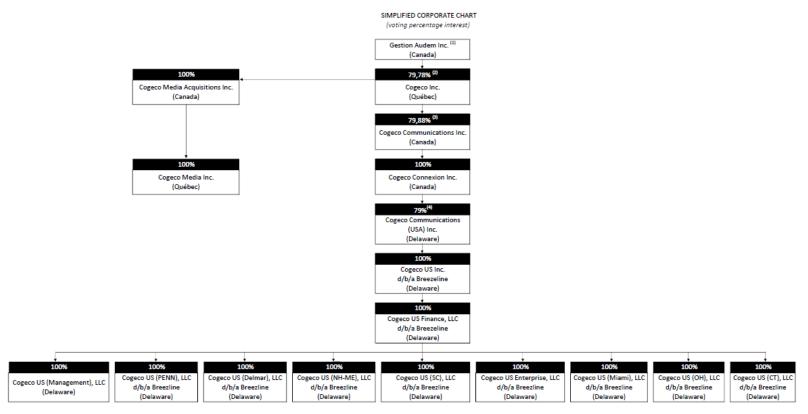

On February 14, 2011, Cogeco, as were all other companies structured under Part IA of the existing *Companies Act* (Québec), was automatically continued under the new *Québec Business Corporations Act* which came into force on that same date and which replaced Parts I and IA of the *Companies Act* (Québec).

The head office of the Corporation is located at 1 Place Ville Marie, Suite 3301, Montréal, Québec H3B 3N2.

Cogeco' Subordinate Shares are listed on the Toronto Stock Exchange (TSX), under the symbol CGO.

1.2. Intercorporate Relationships

The following organization chart indicates the intercorporate relationships of the Corporation and its material subsidiary entities together with the jurisdiction of incorporation or constitution of each such entity as at August 31, 2024. Certain subsidiaries of the Corporation, each of which represented not more than 10% of the consolidated assets and not more than 10% of the consolidated revenue of the Corporation, and all of which, in the aggregate, represented not more than 20% of the total consolidated assets and the total consolidated revenue of the Corporation as at the date hereof, have been omitted. Ultimate control of Cogeco rests with a privately held Canadian holding company, Gestion Audem Inc., which is controlled by the members of the family of the late Henri Audet and Marie-Jeanne Audet.

A private company controlled by the members of the family of the late Henri and Marie-Jeanne Audet.
 Remaining 20,22% of voting rights are under publicly traded subordinate shares.
 Remaining 20,12% of voting rights are held under publicly traded subordinate shares.

⁽⁴⁾ Remaining 21 % interests is held by Caisse de dépôt et placement du Québec.

2. General Development of the Business

2.1. Three-Year History

On April 19, 2024, the Canadian telecommunications segment announced strategic partnerships with a national wireless network operator and with a supplier of wireless technology platforms to facilitate the development of its wireless services in Canada under a capital-light model and further enable Cogeco Connexion to provide additional options and services to its subscribers.

On January 10, 2022, the American telecommunications segment announced a full rebrand, changing its operating name to Breezeline (formerly Atlantic Broadband). The name change reflects the segment's commitment to an easy and convenient customer experience, while better representing the segment's geographic reach and full product breadth.

Breezeline continued to expand its activities in the United States in the last three years by completing on September 1, 2021, the acquisition of the broadband systems of WideOpenWest, Inc. ("WOW!") located in Ohio ("Ohio broadband systems") for a purchase price of US\$1.125 billion, subject to customary post-closing adjustments.

Cogeco Connexion also continued to expand its activities in Canada in the last three years, by:

- completing on February 5, 2024, the acquisition of Niagara Regional Broadband Network (NRBN), an Internet, video and wireline phone service provider serving the Niagara Region. The sellers, the City of Niagara Falls and the Town of Niagara-on-the-Lake, will both remain minority shareholders in the company. This acquisition will strengthen Cogeco's presence in Ontario and allow Cogeco Connexion to support the continued growth of NRBN.
- completing on March 3, 2023, the acquisition of the telecommunications operations of oxio, serving
 customers in Québec, Ontario and the western provinces, for a purchase price of \$100 million,
 subject to customary post-closing adjustments. With this acquisition, Cogeco Connexion now has a
 second brand where it already operates.

In fiscal 2023, Cogeco Connexion acquired spectrum licences in the 2500 MHz and 3500 MHz bands in Québec from another licensee, for a total purchase price of \$60 million. In fiscal 2024, wholly-owned subsidiary Elite General Partnership acquired 99 spectrum licences in the 3800 MHz spectrum auction for a total purchase price of \$190 million to complement the previously purchased licenses and representing a further step towards adding wireless services to Cogeco Communications' offering. On August 31, 2024, the 3800 MHz spectrum licences were transferred to Cogeco Connexion. The Corporation now has spectrum covering 100% of its Canadian broadband footprint.

As part of its plan to extend its high-speed Internet coverage to underserved and unserved rural areas, the Corporation continued its fibre-to-the-home Internet network expansion projects in both Canada and the United States, a portion of which was done in collaboration with governments. The Corporation has added close to 58,000 homes passed during fiscal 2024, and a total of more than 253,000 since the beginning of fiscal 2022.

In Canada, over the past years, Cogeco Connexion announced investments in several fibre-to-the-home Internet network expansion projects in Québec and Ontario, partially funded by provincial and federal government programs. In fiscal 2024, Cogeco Connexion successfully completed its 13 high-speed Internet network expansion projects in 180 Québec municipalities. Cogeco Connexion is also carrying out six new high-speed Internet network expansion projects in several regions of Ontario, which will benefit 37 municipalities.

In the United States, Breezeline continued its geographical fibre-to-the-home network expansion in adjacent cities with attractive demographic and economic growth, including those in multiple communities in New Hampshire, Massachusetts, Maryland, Virginia and West Virginia. In the future, Breezeline seeks to further expand its network by participating in government programs such as the upcoming US\$42.5 billion Broadband Equity, Access, and Deployment (BEAD) Program.

2.2. Significant Acquisition

No significant acquisition was made in the last three years

3. Description of the Business

The Corporation is a diversified holding corporation with operations in the communications and media sectors.

On May 29, 2024, the Corporation and Cogeco Communications announced a strategic transformation aimed at achieving operational excellence, while generating synergies to power future growth. Effective September 1, 2024, both corporations successfully combined the commercial, operational and technical functions of their Canadian and U.S. telecommunications businesses into a simpler North American organization.

This transformation will enable the creation of strong cross-border centers of expertise in key strategic areas such as digitization, advanced analytics and technology. It will also accelerate the deployment of top talent and best practices across the organization and will facilitate the harmonization of systems and platforms.

The only material asset of Cogeco that requires a separate disclosure is the asset included in the Canadian telecommunications segment ("Cogeco Connexion") and American telecommunications segment ("Breezeline"). The activities of Cogeco Connexion and Breezeline are similar in nature and have been combined for ease of reference for the reader in this Section 3.

The Other segment is comprised of radio stations held by wholly-owned subsidiaries, Cogeco Media Inc. and Cogeco Media Acquisitions Inc. (collectively "Cogeco Media"), and head office activities, as well as intersegment eliminations.

3.1. Customers

The following table presents the total number of primary service units, Internet, video and wireline phone service subscribers as at August 31, 2024:

	August 31, 2024
Primary service units ⁽¹⁾	
Cogeco Connexion	1,869,963
Breezeline	1,029,995
Internet service subscribers	
Cogeco Connexion	892,699
Breezeline	643,599
Video service subscribers	
Cogeco Connexion	604,824
Breezeline	261,311
Wireline phone service subscribers	
Cogeco Connexion	372,440
Breezeline	125,085

⁽¹⁾ Primary service units exclude mobile phone service subscribers.

3.2. Services

3.2.1. Residential Services

Cogeco Connexion and Breezeline offer a wide range of video, Internet and phone services to their residential customers. Their services can be bundled into double-play and triple-play offerings at competitive prices to promote cross-selling within the customer base and to attract new customers. With Breezeline's current Internet-first services offering for new customers, each customer chooses an Internet speed package first, and may then choose from flexible, modular additional video and/or voice service offerings. The Internet-first model is designed to ensure customers have the reliable connectivity needed to support any video or voice services provided, and gives customers greater control in selecting services that meet their needs.

Internet Service

Cogeco Connexion and Breezeline offer a wide range of Internet packages with top download speeds of up to 1 Gbps and 1+ Gbps in select Canadian areas to residential subscribers and up to 10 Gbps to commercial subscribers. They also offer best-in-class managed Wi-Fi, with home Wi-Fi solutions, which improve the overall customer experience by providing expanded Wi-Fi coverage with enhanced reliability and consistent speed in every area of the home. As an added benefit, Internet subscribers can connect wirelessly to the Internet at no extra cost from designated Wi-Fi Internet hotspots on the Corporation's Canadian and American footprints.

Video Services

Cogeco Connexion and Breezeline offer their subscribers a full array of video services. Customers have access to a basic video service, various tier packages, pay-per-view channels, video- on-demand services, advanced video services and Internet Protocol Television ("IPTV") service. Along with the launch of Cogeco Connexion's new user interface in fiscal 2023 and through Breezeline's Stream TV application, the Corporation's video services are now available on retail devices such as Apple TV, Roku, Samsung, and

Amazon Fire TV, as well as on Android and Apple phones and tablets, allowing for subscribers to watch what they want on multiple screens.

<u>Basic Service</u>: Cogeco Connexion offers to its video customers a mandatory, small entry-level basic service comprised of local, regional, over-the-air, community and educational channels, as mandated or permitted by the Canadian Radio-television and Telecommunications Commission ("CRTC"). This package may also include certain discretionary services, such as United States conventional services, an interactive program quide, and access to pay-per-view channels and video-on-demand services.

Breezeline's Locals+ basic digital service customers receive the basic level of service which consists of local broadcast television and local community programming, including government and public access channels. They also receive an interactive electronic programming guide and multiple channels of digital music.

<u>Tier Packages</u>: Cogeco Connexion's Video service customers can obtain additional programming services by subscribing to one of the various tier packages, including pre-assembled packages, as well as flexible packages containing between 10 and 40 programming services.

Breezeline's Video service customers can customize their entertainment, as Breezeline allows customers to choose which channel packages to add on to their basic video service.

<u>Pay-per-view Channels</u>: Digital video service customers have access in Canada to an expanded menu of payper-view channels which allow customers to pay to view a single showing of a recently released movie or a one-time special sporting event or music concert on a commercial-free basis. For the United States, payper-view can be accessed directly online or through one of the many applications within the IPTV platform.

<u>Video on demand Service</u>: The video-on-demand service allows customers with digital services to choose from a library of hundreds of movies and other programming and to view them at a convenient time.

<u>Advanced Video Service</u>: In addition to traditional video set-top boxes, Cogeco Connexion and Breezeline offer advanced video services through TiVo Inc. ("TiVo")'s service platform which provides customers with a user-friendly interface and includes fully integrated access to additional streaming apps such as Netflix. TiVo allows customers to access content on multiple screens across TVs, smartphones, tablets and more, both in-home and on-the-go.

<u>IPTV service</u>: Cogeco Connexion and Breezeline each offer an IPTV service, further enhancing the video platform offering to Canadian and U.S. customers by improving the customer experience with highly customizable video content, wireless-enabled equipment, voice-activated controls and access to applications. Cogeco Connexion's IPTV service is branded EPICO. Breezeline's IPTV service, branded Stream TV, launched in January of 2022, is now available to all customers in Breezeline's footprint.

Wireline Phone Services

Cogeco Connexion's and Breezeline's wireline phone service uses Internet protocol "IP" to transport digitized voice signals over the same private network that brings video and Internet services to subscribers.

Canadian residential customers can subscribe to one of the following phone services: Basic (unlimited local calling) and Freedom (unlimited calls within Canada and the United States and five of the most popular phone features). Customers can also add many calling features to their home phone package. All Cogeco Connexion residential phone service customers have access to international long-distance plans.

Breezeline's residential phone service features include: unlimited long-distance calling throughout the United States, Canada and Puerto Rico, the ability to keep the customers' existing telephone number where local number portability is supported, the ability to access enhanced Emergency 911 dialing and the ability to use existing telephones and in-house wiring. The service also includes voicemail and fifteen other popular custom calling features such as calling line ID, call waiting, three-way calling and access to the Breezeline Voice Manager portal

Service Bundles

As of August 31, 2024, 53% and 30% of Cogeco Connexion and Breezeline customers, respectively, subscribed to "double play" and "triple play" bundle services.

Wireless Services

In April 2023, Cogeco Connexion launched a mobile wireless service limited to the city of Sept-Îles, Québec under the Internexe brand. Cogeco Connexion intends to more broadly deploy wireless services in the coming years, by both expanding the reach of its mobile wireless network and by making use of the facilities-based mobile virtual network operator ("MVNO") access service established by the CRTC in Telecom Regulatory Policy 2021-130. See "Regulatory Regime" for more details. More recently, on August 19, 2024, Cogeco Connexion announced strategic partnerships with a national wireless network operator and with a supplier of wireless technology platforms to facilitate the development of its wireless services in Canada under a capital-light model and further enable Cogeco Connexion to provide additional options and services to its subscribers.

In fiscal 2024, Breezeline launched its wireless service across most of its wireline footprint. Breezeline Mobile is offered as a bundle to Breezeline's residential customers who also subscribe to home broadband service. Breezeline Mobile is available to Breezeline's broadband customers through an MVNO agreement with a major wireless network operator and an agreement with a national technology service company.

3.2.2. Business Services

Cogeco Connexion and Breezeline offer video, Internet and wireline phone services to businesses in their serving areas.

Cogeco Connexion and Breezeline offer a wide range of both dedicated and non-dedicated broadband Internet packages with speeds up to 10 Gbps on the downstream and on the upstream. These Internet services are often sold in solution packages with business phone lines, long-distance, managed WiFi, toll-free, security and video services.

Cogeco Connexion also provides advanced network connectivity services delivered over fibre optic connection to businesses in its footprint with 50 or more employees and multiple locations. Network connectivity services are offered in point-to-point or point-to-multipoint configurations that support sophisticated data and voice applications and services either on-premise or in the cloud. Fibre circuits are used to offer dedicated high-speed connectivity (including greater than 1 Gbps symmetrical) and advanced voice services to larger businesses in the form of Unified Communications ("UC"), Hosted PBX ("HPBX"), session initiation protocol ("SIP") or primary rate interface ("PRI") trunks. Services over fibre are ideal for businesses with 50 or more employees and multiple locations requiring private, secure and interconnected networks that support sophisticated data and voice applications and services either on-premise or in the cloud.

Cogeco Connexion's and Breezeline's commercial phone service offers commercial customers multiple line capability, and is often bundled with the Internet service. Cogeco Connexion and Breezeline offer a Voice over Internet Protocol ("VoIP")-based PRI and a hosted PBX service for their commercial customers and Breezeline offers 4G LTE HSD Backup Service as a failover solution for its small business Internet customers. Breezeline has enhanced its Metro-Ethernet service offering with standardized solutions and speeds that scale up to 10 Gbps, including multiprotocol label switching (MPLS), based on customer needs. Breezeline also opportunistically pursues business, carrier and corporate customers located within its network footprint requiring wide area networks, point-to-point or point-to-multipoint data services and virtual private networks. These services are offered where Breezeline has excess fibre capacity on its network and where the contract with the customer provides an adequate return on investment.

3.3. Networks and Infrastructure

Cogeco Connexion and Breezeline provide residential Internet, video and wireline phone services as well as business services through advanced fibre optic and two-way telecommunications distribution networks. Cogeco Connexion and Breezeline deliver these services through their own long-distance fibre optic

systems, advanced hybrid fibre-coaxial ("HFC") telecommunications distribution networks, point-to-point fibre networks and fibre-to-the-home ("FTTH") network technologies.

Cogeco Connexion's distribution network covers a large territory from Western Ontario to Eastern Québec. Breezeline's distribution network covers thirteen states along the East Coast of the United States, from Maine to Florida, as well as Pennsylvania and Ohio. Each of Cogeco Connexion and Breezeline's core transport networks have a broad reach and are designed to easily interconnect, at very high speed, their many local distribution systems to video content providers, other telecommunications provider networks, software application providers and the Internet.

For residential services, Cogeco Connexion and Breezeline are constantly densifying optical fibres to nodes serving small clusters of homes passed, with multiple fibres per node, to rapidly increase speed and capacity when necessary. This "just in time" process, known as "node splitting", improves the quality and reliability while increasing the capacity of two-way services such as Internet, interactive video services and wireline phone and optimizing the efficiency of capital investments. The HFC distribution infrastructure is designed with radio frequency ("RF") capacity of up to 1.8 GHz of bandwidth capacity, depending on the market served and customer needs.

This hybrid combination of fibre optic and coaxial cable allows us to optimize the delivery of high quality networks through efficient capital investments. Cogeco Connexion and Breezeline are also deploying FTTH technology in all new residential developments which meet specific criteria of size, proximity to the existing plant and service penetration rate. Cogeco Connexion and Breezeline's current FTTH deployment utilizes Passive Optical Networking ("PON") technology, as it is a robust solution offering subscribers symmetrical speeds.

Cogeco Connexion and Breezeline use CableLabs' DOCSIS technology to deliver Internet and business services over HFC networks. DOCSIS has numerous advanced features to ensure continuous transmission and high-quality service delivery. In addition, this technology provides a flexible and expandable platform to further increase IP transmission speeds and to provide other products such as symmetrical services, which are particularly well suited for commercial subscriber applications. Cogeco Connexion offers Internet download speeds of up to 1 Gbps in approximately 88% of its footprint. Breezeline offers up to 1 Gbps Internet download speeds to approximately 97% of its footprint of serviceable homes and businesses. Higher speed packages are available to businesses and on a bespoke basis. Cogeco Connexion and Breezeline intend to continue deploying Gbps speeds in the coming years using the DOCSIS 3.1 technology and selectively deploy DOCSIS 4.0, capable of offering 8 to 10 Gbps download speeds.

Cogeco Connexion and Breezeline's wireline phone service uses VoIP technology which makes it possible to have a telephone conversation over an Internet IP network instead of dedicated voice transmission lines. IP networks allow the elimination of circuit switching phone equipment and the associated waste of bandwidth. Instead, packet switching is used, whereby IP packets with voice data are sent over the network only when data needs to be sent, for example when a caller is talking. VoIP's advantages over traditional telephony systems include lower costs per call and lower infrastructure costs as, once the IP infrastructure is installed, little or no additional phone infrastructure is needed.

3.4. Third-Party Suppliers

The Corporation's ability to provide high-quality services to its subscribers depends in part on the reliable and efficient performance of various suppliers. These suppliers deliver critical components, products and services that are integrated into the Corporation's operations.

The offering of video service requires the execution of numerous hardware and software-as-a-service (SaaS) agreements with various third-party suppliers that are renewed from time to time in the normal course of business.

Several Agreements are in place to provide IPTV and legacy TV services to Cogeco Connexion and Breezeline's customers.

The offering of phone service, which is a VoIP service, relies on the support of strategic providers. To that end, Cogeco Connexion and Breezeline have agreements in place with service providers to assist with provisioning capabilities and provide them with switching and termination of traffic to the public switched

telephone network, delivery of enhanced Emergency 911 service, local number portability and operator and directory services.

In Canada, programming agreements are also in place with various third-party programming suppliers and are, for the most part, negotiated with a small number of large integrated broadcasting distribution and programming groups as well as with a number of independent programming suppliers. In the United States, Breezeline obtains a portion of its programming from the National Cable Television Cooperative ("NCTC"), a national cooperative of cable television service operators that collectively negotiates and administers master affiliation agreements with cable television programming networks on behalf of its member companies. The remainder of Breezeline's programming content is obtained through direct programming agreements with content providers and retransmission consent agreements with local affiliates for national broadcast network content. Breezeline also obtains some programming directly from a number of third-party suppliers.

Additionally, Breezeline has agreements with service providers to offer an MVNO wireless phone service to its customers. These suppliers provide Breezeline access to a wireless network infrastructure and related services, such as business support systems, administration, and operations support systems. In Canada, Cogeco Connexion has signed agreements with a national wireless network operator and with a supplier of wireless technology platforms to facilitate the development of wireless services in Canada under a capital-light operating model.

Cogeco Connexion and Breezeline's businesses also require the execution of agreements with support structure owners, such as phone and electric companies in order to obtain access to their support structures (including poles, conduits, towers, etc.) and with governmental or municipal entities to obtain access to the public rights-of-ways, as further described in section 3.7 "Regulatory Regime".

The daily operations are highly dependent on information technology systems and software, including those provided by certain third-party suppliers. For instance, Cogeco Connexion has agreements in place for the provision of products and services related to customer management and billing functions.

3.5. Employees

As at August 31, 2024, Cogeco Connexion and Breezeline employed, respectively, approximately 2,774 individuals in Canada and 1,367 in the United States. Collective bargaining agreements are in place for some employees in Canada and the United States, which are renewed from time to time in the normal course of business.

3.6. Competitive Conditions

The industries in which the Corporation operates are very competitive, and the Corporation expects competition to intensify in the future. This competitive environment facing Cogeco Connexion and Breezeline is disclosed in the "Uncertainties and Main Risk Factors" section of the Corporation's 2024 Annual MD&A for the year ended August 31, 2024 which is incorporated herein by reference, as supplemented by the "Uncertainties and Main Risk Factors" section of the Corporation's quarterly reports to shareholders.

3.7. Regulatory Regime

The Canadian and American telecommunications operations are subject to extensive and evolving laws, regulations and policies at the federal, provincial, state and local levels. Cogeco Connexion is primarily regulated under the *Broadcasting Act* (Canada) (the "Broadcasting Act"), the *Telecommunications Act* (Canada) (the "Telecommunications Act") and the *Radiocommunication Act* (Canada) (the "Radiocommunication Act") and regulations thereunder while Breezeline is regulated primarily by the *Communications Act of 1934* (United States) (the "Communications Act"). In addition, Cogeco Connexion and Breezeline are both subject to other laws relating to copyright and intellectual property, data protection, privacy of personal information, spam, e-commerce, direct marketing and digital advertising which have become more prevalent in recent years.

3.7.1. Canada

Video Services

Licensing

In order to provide broadcasting distribution services, broadcasting distribution undertakings ("BDUs") must hold broadcasting licences issued by the CRTC (or operate under an exemption order). Broadcasting licences are issued by the CRTC for a maximum term of seven years and are generally renewed in the normal course of business upon application by the licensee, except in cases of serious breach. The CRTC has never revoked or failed to renew a licence for an active cable system owned by Cogeco Connexion.

Cogeco Connexion holds two regional licences to operate its non-exempt BDUs serving Ontario and Québec. Both licences were recently renewed for a term ending on August 31, 2026.

Cogeco Connexion also operates BDUs serving fewer than 20,000 customers, which are exempted from the requirement to hold a licence. The terms and conditions for exempt BDUs are set out in the CRTC's exemption order for terrestrial broadcasting distribution undertakings serving fewer than 20,000 customers.

Licences issued by the CRTC may not be transferred or assigned. In addition, the prior approval of the CRTC is required for any transaction that results in a change to the effective control of a licensee or that results in the acquisition of 30% or more of the voting shares of a licensed broadcasting undertaking, or of a person having effective control of a licensed broadcasting undertaking.

Carriage and Packaging Rules

BDUs are subject to specific conditions of licence as well as to the general obligations set out in the various applicable regulations (the "Regulations").

<u>Preponderance</u>: BDUs must ensure that the majority (over 50%) of all programming services that they offer to customers are Canadian.

<u>Basic Service</u>: Customers must purchase the basic service of a BDU before subscribing to any digital tiers packages (other than video on demand and pay-per-view). Licensed BDUs are required to offer a mandatory, small entry-level basic service for a monthly price not to exceed \$25 comprised only of local and regional television stations, the mandatory services under subsection 9.1(1)(h) of the *Broadcasting Act*, as well as the relevant provincial educational services, any community channel and the provincial legislature service in the area served by the BDU. This mandatory small basic service may also include only one set of United States 4 + 1 services (ABC, CBS, Fox, NBC and PBS), local AM and FM stations and educational channels of another province or territory in each official language where there is no designated educational service. Where less than 10 local and regional stations are available, terrestrial BDUs are authorized to include other, non-local or regional Canadian stations. The small basic service may not include any additional services beyond those described above.

<u>Access Rules</u>: BDUs must offer the national news discretionary services known as CBC News Network, CTV News Channel, Le Canal Nouvelles, Le Réseau de l'information and The News Forum and certain other discretionary services considered of exceptional importance for the broadcasting system, on specific conditions. Licensed BDUs must distribute one minority official language discretionary service for every 10 majority official language services that they distribute.

<u>Carriage of Non-Canadian Programming Services</u>: Other than U.S. stations received over the air at the head end, BDUs can only distribute non-Canadian programming services if they are approved for distribution by the CRTC and placed on the CRTC's Revised list of non-Canadian programming services authorized for distribution.

<u>Packaging Rules</u>: The Regulations require licensed BDUs to offer all discretionary and non-Canadian services in packages of up to 10 programming services. Additionally, all discretionary and non-Canadian services must also be offered on a stand-alone basis. Exempt BDUs have more flexibility.

<u>Accessibility of Set-Top Boxes and Remote Control</u>: The Regulations require BDUs to make available to customers equipment that allows individuals who are blind, visually impaired or have fine motor skill disabilities to have access to programming services if that equipment is available for purchase by the BDU and is compatible with its distribution system.

Over-The-Air Signals

Unlike discretionary services, over-the-air ("OTA") broadcasters are wholly dependent on advertising revenue and copyright royalties and do not charge a subscription fee for their signal.

Vertical Integration

In order to limit the power of vertically integrated entities on the public's access to diverse and quality programming services, the CRTC adopted a Wholesale Code that applies to all BDUs and licensed programming undertakings. The Code prohibits a number of commercially unreasonable practices such as requiring the acquisition of a programming service in order to obtain another (tied-selling) or imposing unreasonable terms that restrict a BDU's ability to provide consumer choice or to offer programming on multiple distribution platforms. A dispute resolution mechanism is provided for the renewal of affiliation agreements in situations where both the BDU and the programming undertaking intend to renew the agreement but are unable to agree on terms. The services cannot be interrupted by either party while such dispute resolution is pending.

Contributions to Canadian Programming and Local Expression

All licensed BDUs are required to allocate 5% of their gross annual revenues derived from broadcasting as follows: 0.3% to the Independent Local News Fund, a further 3.2% to Canadian programming and a maximum of 1.5% to community programming. Exempt BDUs can contribute the full 5% to community programming.

Copyright Licensing

Cable systems are subject to the federal copyright licensing regime covering carriage of television and radio signals. The *Copyright Act* (Canada) provides for the payment by BDUs of various royalties, notably for the retransmission of distant television and radio signals, and for the communication to the public of dramatico-musical or musical works.

Internet services

The CRTC can regulate the prices that are charged for retail telecommunications services (including Internet services) when it determines there is not enough competition to protect the interests of consumers; can mandate access by competitors to networks; and can impose consumer-related codes of conduct. The CRTC has generally refrained from regulating Internet services to retail customers by cable companies. The CRTC however requires larger cable companies to provide wholesale third party Internet access service ("TPIA service") to Internet resellers under regulated rates that can be modified from time to time. Several resellers have subscribed to the wholesale TPIA service offered by Cogeco Connexion. The CRTC has also adopted the Internet Code which imposes various obligations on Internet service providers, including early cancellation fees and contract summaries.

Access to Support Structures and Municipal Property

BDUs and Internet service providers need access to support structures of telephone companies and hydro electric utilities and to the public rights-of-ways of municipalities to deploy their networks. Access to telephone poles and conduits owned by telecommunications providers is governed by CRTC tariffs and support structure license agreements. Access to support structures of provincial and municipal electric utilities is subject to provincial and municipal requirements, and the terms for access to these structures may need to be obtained through provincial and municipal authorities. Where access to municipal rights of ways in Cogeco Connexion's Canadian footprint cannot be secured, Cogeco Connexion may apply to the CRTC to obtain a right of access under the Telecommunications Act.

Network capacity and net neutrality

Cogeco Connexion continuously invests in additional network facilities and more network capacity in order to avoid congestion, to the benefit of all its retail and wholesale customers. Additionally, to abide by the requirements of subsection 27(2) of the *Telecommunications Act*, Cogeco Connexion treats all traffic generated on its network in the same way whether coming from end-users, application providers or third-party Internet service providers.

Voice services

VoIP service

Cogeco Connexion is considered to be a competitive local exchange carrier ("CLEC") and, like all CLECs, is required to fulfill CLEC obligations such as those related to the provision of local number portability, enhanced Emergency 911 capabilities, privacy safeguards, message relay services, directory listings and equal access to interexchange carriers.

Measures established by the CRTC are in place to facilitate IP voice network interconnections between network operators while allowing market forces to shape the details of the arrangements. Specifically, in areas where a carrier provides IP voice interconnection to an affiliate, a division of its operations, or an unrelated service provider, the carrier must negotiate a similar arrangement with any other carrier that requests such an arrangement.

Wireless services

Regulatory oversight

The Canadian wireless industry is subject to regulatory oversight from two distinct regulatory bodies: Innovation, Science and Economic Development (ISED), a department of the federal government, and the CRTC.

ISED regulates the allocation and use of radio spectrum in Canada and licences radio apparatus and frequency bands to service providers and users. ISED also establishes the terms and conditions attached to such authorizations, including the conditions under which such authorizations can be transferred, coverage obligations, research and development obligations, annual reporting and additional obligations regarding mandatory roaming and tower sharing.

The CRTC can regulate the prices that are charged for retail telecommunications services when it determines there is not enough competition to protect the interests of consumers; can mandate access by competitors to wireless networks; and can impose consumer-related codes of conduct. The CRTC has generally refrained from regulating wireless retail prices, although it has mandated that national wireless carriers offer low-cost rate plans, and established expectations regarding the minimum service attributes and maximum monthly price of such plans.

The CRTC currently regulates domestic wireless roaming services and has implemented a wholesale facilities-based MVNO access service. The CRTC has also adopted a Code of Wireless Conduct, which imposes various obligations on wireless carriers, including maximum contract term length, roaming bill caps, device unlocking requirements, device subsidies, early cancellation fees and contract summaries.

Implementation of CRTC's MVNO Framework for Mobile Services

On April 15, 2021, the CRTC issued Telecom Regulatory Policy 2021-130, Review of mobile wireless services, which aims to provide Canadians with greater mobile choice, better services and affordable prices. Telecom Regulatory Policy 2021-130 mandates the provision of wholesale MVNO access, including seamless roaming, by national mobile carriers (Bell, TELUS, Rogers) and SaskTel, in Saskatchewan, to regional carriers that invest in infrastructure and spectrum. Terms and conditions for the MVNO service are to be approved by the CRTC, while rates are to be commercially negotiated between parties, with final offer arbitration by the CRTC as a last resort.

3.7.2. United States

In the United States, the operation of a cable system is extensively regulated by the *Federal Communications Commission* ("FCC"), some state governments and most local governments.

Video Services

Franchising

Breezeline is required to obtain a non-exclusive franchise from states where franchises are regulated at the state level or local municipalities in order to use the public rights-of-way and provide cable services. Franchises are granted for a fixed period of time, and federal law prohibits franchise authorities from unreasonably denying renewals. Such franchises may involve the payment of franchise fees, the provision of public, educational and governmental access channels, the provision of institutional networks and free services to municipal buildings, schools and libraries. Franchises also generally require consent of the franchise authority to transfer the franchise in the event of a sale of the cable system. Federal law caps franchise fees at 5% of the gross revenues derived by operators from the provision of cable service within the franchise area. In August 2019, the FCC issued an order requiring that the costs of certain franchise-imposed "in-kind" contributions be included in the 5% franchise fee cap. This order has been the subject of several lawsuits, which have upheld the FCC's ruling.

Rate Regulation

Currently, Breezeline's products and services are not subject to rate regulation. Federal law allows local franchise authorities to regulate rates for the entry level of video programming services, referred to as "basic service", and related equipment, if franchise authorities can show that there is no "effective competition" for video services in the community. Given the competitive landscape in Breezeline's markets, none of Breezeline's franchise authorities are certified to regulate Breezeline's basic service rates.

Carriage of Broadcast Signals: Must Carry/Retransmission Consent

Federal law prohibits cable operators from carrying local broadcast stations without consent. Under federal "must-carry" regulations, local broadcast stations may require cable operators to carry such stations without compensation. Alternatively, local broadcast stations may require cable operators to engage in "retransmission consent" negotiations, pursuant to which broadcast stations require significant payments and other concessions, in exchange for the right to carry such stations.

Access to Support Structures and Municipal Property

The Communications Act requires telephone and utility companies (other than those owned by municipalities or cooperatives) to provide cable systems with non-discriminatory access to any pole or right-of-way controlled by the utility. The rates that utilities may charge, together with certain terms and conditions for such access are regulated by the FCC, or, alternatively, by states that certify to the FCC that they regulate pole attachments.

Copyright Licensing

Cable operators are subject to a federal compulsory copyright license covering carriage of television and radio broadcast signals, pursuant to which the company files semi-annual statements of account and pays royalty fees. The Copyright Office is currently considering modifications to such royalty payments and reporting obligations.

Internet services

In April, 2024, the FCC voted to reclassify broadband Internet services as telecommunications services under Title II of the Communications Act. A group of Internet service providers challenged the rules in the Sixth Circuit U.S. Court of Appeals, and the court granted a temporary stay of the rules. This regulation would prohibit blocking, throttling and paid prioritization of Internet content, increase oversight of

broadband service providers and create the potential for rate regulation of broadband services. Several states have also passed or proposed legislation that impose open internet requirements.

Additionally, broadband service providers must display, at the point of sale, labels that disclose certain information about broadband prices, introductory rates, data allowances, broadband speeds and latency.

Voice services

Traditional voice services are subject to many federal and state regulations that are not applicable to the VoIP service provided by the company. Certain of those regulations, however, do apply to VoIP service, such as Universal Service Fund contribution obligations, local number portability, E911 emergency services, outage reporting, disability access, customer equipment back-up power obligations, rural call completion, Customer Proprietary Network Information (CPNI) privacy rules and the Communications Assistance for Law Enforcement Act (CALEA).

Wireless services

Mobile wireless services are subject to most of the obligations that traditional voice services are subject to, and have additional requirements regarding security of phone number porting and SIM cards. Mobile wireless services are furthermore subject to the requirement to display point-of-sale labels disclosing certain information about wireless data services.

3.8 Recent Developments

Some of the recent and on-going legislative, judicial and regulatory developments in Canada and the United States are disclosed in the "Uncertainties and Main Risk Factors" section of the Corporation's 2024 Annual MD&A for the year ended August 31, 2024 which is incorporated herein by reference, as supplemented by the "Uncertainties and Main Risk Factors" section of the Corporation's quarterly reports to shareholders.

3.9 Trademarks

Cogeco Connexion and Breezeline have registered or applied for registration of several trademarks that are used in their business activities, which they regard as having significant value or as being important factors in the marketing of their services.

3.10 Cycles

Cogeco's operating results are not generally subject to material seasonal fluctuations. Although, the media business faces certain seasonal variations.

4. Reorganizations

On August 31, 2024, Elite General Partnership, indirectly owned by Cogeco Communications, was merged with Cogeco Connexion, thereby regrouping all activities related to wireless services.

5. Foreign Operations

The American telecommunications segment activities are carried out by Breezeline in thirteen (13) states: Connecticut, Delaware, Florida, Maine, Maryland, New Hampshire, New York, Ohio, Pennsylvania, South Carolina, Virginia and West Virginia, as well as in Massachusetts, where it has its head office.

The revenue of the Corporation in the United States represented 47.7% of the consolidated revenue of the Corporation during the fiscal year ended August 31, 2024.

6. Risk Factors

The business as conducted by the Corporation involves numerous risks and uncertainties. The main risk factors and uncertainties facing the Corporation are disclosed in the "Uncertainties and Main Risk Factors" section of the Corporation's 2024 Annual MD&A for the year ended August 31, 2024 which is incorporated herein by reference, as supplemented by the "Uncertainties and Main Risk Factors" section of the Corporation's quarterly reports to shareholders. These risks and uncertainties should be considered in conjunction with the other information included in this AIF.

7. Dividends

The Corporation's quarterly eligible dividends on the Multiple Shares and Subordinate Shares increased from \$0.625 per share in fiscal 2022, to \$0.731 per share in fiscal 2023 and to \$0.854 per share in fiscal 2024.

In accordance with the Term Revolving Facility of Cogeco Communications, Cogeco is subject to certain restrictions which may restrict its distributions to shareholders including dividends and share repurchases should it fail to achieve certain financial ratios and would not be able to pay dividends or repurchase shares if an event of default has occurred and is continuing.

The declaration, amount and date of any future dividend will continue to be considered and approved by the Board of Directors of the Corporation based upon the Corporation's financial condition, results of operations, capital requirements and such other factors as the Board of Directors, at its sole discretion, deems relevant. There is therefore no assurance that dividends will be declared, and if declared, their amount and timing may vary.

8. Capital Structure

The authorized share capital of the Corporation consists of an unlimited number of Subordinate Shares, Multiple Shares, Class A shares and Class B shares. As at August 31, 2024, 1,602,217 Multiple Shares and 8,040,562 Subordinate Shares were issued and outstanding. No Class A Shares or Class B Shares are presently issued and outstanding. The following is a summary of the material characteristics attached to the authorized classes of shares of the capital stock of the Corporation.

8.1. General Description of Capital Structure

8.1.1. Subordinate Shares and Multiple Shares

Except for voting rights, Subordinate Shares and Multiple Shares carry and are subject to the same rights, privileges, restrictions and conditions.

Voting Rights

The Subordinate Shares are entitled to one vote per share and the Multiple Shares are entitled to twenty votes per share.

Dividends

Subject to the prior rights of the holders of the Class A shares and Class B shares, the holders of Subordinate Shares and Multiple Shares shall be entitled equally, on a share-for-share basis, to any dividend which, in the discretion of the Board of Directors, may be declared, paid or set aside for payment during any fiscal year with respect to such shares.

Dissolution

The holders of Subordinate Shares and Multiple Shares shall be entitled to share equally in any distribution of the assets of Cogeco upon its liquidation, dissolution or winding-up or other distribution of its assets. Such participation is subject to the rights, privileges, restrictions and conditions attached to any issued and outstanding Class A shares and Class B shares.

Conversion Rights

Each Multiple Share is convertible at any time at the holder's option into one fully paid and non-assessable Subordinate Share.

Rights in the Event of a Take-Over

If a takeover bid (as defined in the Articles of the Corporation) is made for the Multiple Shares and subject to certain conditions, including the acceptance of such takeover bid by the majority holder, each Subordinate Shares shall become, upon such takeover bid, convertible into one Multiple Share, at the option of the holder, in order to allow such holder to participate in the takeover bid and accept it, and for these purposes only, provided that the takeover bid is completed by the offeror.

8.1.2. Class A Shares

Series

Class A shares may be issued from time to time in one or more series. The Board of Directors of the Corporation shall be entitled, by resolution, but subject to the provisions of the *Québec Business Corporations Act*, the provisions in the Articles of the Corporation and the provisions attaching to any series of Class A shares outstanding, to determine, from time to time, prior to issue, the number of shares of each series of Class A shares and the consideration per share, as well as their designation and the rights, privileges, conditions and restrictions attaching thereto.

Voting Rights

The Class A shares are not entitled to any voting rights, unless the meeting is called to consider any matter in respect of which the holders of the Class A shares would be entitled to vote separately as a class or series.

Dividends

The holders of Class A shares are entitled to receive, in priority to the Class B shares, the Subordinate Shares and the Multiple Shares, a dividend, which dividend may or may not be cumulative and payable in cash or by way of stock dividends or in any other manner not prohibited by the *Québec Business Corporations Act*.

Dissolution

The holders of the Class A shares shall be entitled to receive, in priority to the Class B shares, the Subordinate Shares and the Multiple Shares, to the extent provided with respect to each series: (i) an amount equal to the price at which the said shares were issued, (ii) the premium, if any, provided for with respect to the shares of such series, and (iii) in the case of cumulative Class A shares, all unpaid cumulative dividends, and, in the case of non-cumulative Class A shares, all non-cumulative dividends declared but unpaid, before any amount shall be paid or any assets of the Corporation distributed to the holders of the Subordinate Shares and the Multiple Shares.

8.1.3. Class B Shares

Series

Class B shares may be issued from time to time in one or more series. The Board of Directors of the Corporation shall be entitled, by resolution, but subject to the provisions of the *Québec Business Corporations*

Act, the provisions in the Articles of the Corporation and the provisions attaching to any series of Class B shares outstanding, to determine, prior to issue, the number of shares of each series of Class B shares and the consideration per share, as well as their designation and the rights, privileges, conditions and restrictions attaching thereto.

Voting Rights

The Class B shares are not entitled to any voting rights, unless the meeting is called to consider any matter in respect of which the holders of the Class B shares would be entitled to vote separately as a class or series.

Dividends

The holders of Class B shares are entitled to receive, after the holders of Class A shares but before the holders of Subordinate Shares and Multiple Shares, a dividend, which dividend may or may not be cumulative and payable in cash or by way of stock dividends or in any other manner not prohibited by the *Québec Business Corporations Act*.

Dissolution

Subject however to the prior rights of the holders of the Class A shares, the holders of the Class B shares shall be entitled to receive, to the extent provided with respect to each series: (i) an amount equal to the price at which the said shares were issued, (ii) the premium, if any, provided for with respect to the shares of such series, and (iii) in the case of cumulative Class B shares, all unpaid cumulative dividends, and, in the case of non-cumulative Class B shares, all non-cumulative dividends declared but unpaid, before any amount shall be paid or any assets of the Corporation distributed to the holders of the Subordinate Shares and the Multiple Shares.

8.2. Constraints on Issue and Transfer of Shares

To maintain the eligibility of certain of its subsidiaries that hold licences of the CRTC to operate broadcasting distribution undertakings under the *Broadcasting Act*, the Corporation must comply with restrictions on ownership of voting shares by non-Canadians that are embodied in a statutory order from the Governor in Council (i.e., the federal Cabinet) to the CRTC under the *Broadcasting Act* (the "Order"). The Order limits foreign ownership of the Corporation in the aggregate to 33 1/3% of the issued and outstanding voting shares and 33 1/3% of the votes attaching to the voting shares. The Order also requires that the chief executive officer of the Corporation and 80% of the members of the Board of Directors be Canadian. The CRTC retains the discretion under the Order to make a determination that a licensee is not controlled in fact by Canadians.

The Telecommunications Act and its regulations as well as the Radiocommunication Regulations established similar restrictions on ownership of voting shares of telecommunications common carriers and radiocommunication carriers by non-Canadians. These foreign ownership restrictions do not apply however to carriers having less than a 10% share of the total Canadian telecommunications market

The issue and transfer of the shares of the Corporation are constrained by its Articles in accordance with section 82 of the *Business Corporations Act* (Québec), in order to ensure that the Corporation and its subsidiaries comply with the Order. These restrictions limit the extent to which equity shares can be issued or transferred to non-Canadian residents and preclude control by non-Canadian residents as well as prohibit the voting of equity shares in circumstances in which there is a contravention of the Order, the Broadcasting Act or any conditions of licenses.

The Corporation monitors, through its transfer agent Computershare, the level of non-Canadian ownership with regards to the number of all its issued and outstanding shares and the votes attaching to these shares and annually provides reports to the CRTC. Each subscriber or transferee of any shares of the Corporation is required to supply to Computershare a declaration stating certain facts with respect to citizenship and ownership and control over the shares to enable the Corporation to determine whether the non-Canadian share restrictions are being complied with.

8.3. Credit Ratings of Major Subsidiaries

The table below shows Cogeco Communications' and the U.S. subsidiaries' credit ratings:

At August 31, 2024	S&P	DBRS	Moody's
Cogeco Communications			
Senior Secured Notes	BBB-	BBB (low) (stable)	NR
Senior Unsecured Notes	BB+	BB (high) (stable)	NR
Corporate credit issuer rating	BB+ (negative outlook)	BB (high) (stable)	NR
U.S. subsidiaries			
First Lien Credit Facilities	ВВ	NR	B1 (negative outlook)
Corporate credit issuer rating	BB (negative outlook)	NR	B1 (negative outlook)

NR: Not rated

There is no assurance that a rating will remain in effect for any given period of time or that a rating will not be lowered, withdrawn or revised by either rating agency if, in its judgment, circumstances so warrant. The rating of any debt securities is not a recommendation to buy, sell or hold such securities, inasmuch as such ratings do not comment as to market price or suitability for a particular investor.

Cogeco Communications' and U.S. subsidiaries' ability to access debt capital markets and bank credit markets and the cost and amount of funding available partly depends on the quality of the credit ratings. Credit ratings are subject to change, based on a number of factors including, but not limited to, Cogeco Communications' and U.S. subsidiaries' financial strength, competitive position, liquidity and other factors that are not completely within their control, including conditions affecting the telecommunications industry generally, and the wider state of the economy. Any ratings downgrade could result in adverse consequences for Cogeco Communications' funding capacity and access to sources of liquidity and capital. In addition, real or anticipated changes in the rating assigned to a security will generally affect the market value of that security.

Ratings for long-term debt instruments across the universe of composite rates range from "AAA" (S&P and DBRS) or "Aaa" (Moody's), representing the highest quality of securities rated, to "D" (S&P and DBRS) and "C" (Moody's) for the lowest quality of securities rated. Ratings are based on several industry and company specific factors which include financial leverage as one of the key elements considered.

The Corporation's ability to access debt capital markets and bank credit markets and the cost and amount of funding available partly depends on the quality of its credit ratings. Obligations rated in the "BBB" category are considered investment grade and their cost of funding is typically lower relative to the "BB/B" rating category. In addition, obligations with "BBB" ratings generally have greater access to funding than those with "BB/B" ratings.

The DBRS long-term debt rating scale provides an opinion on the risk of default; that is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. Ratings are based on quantitative and qualitative considerations relevant to the issuer and the relative ranking of claims. A rating of BBB by DBRS is the fourth highest of ten categories and is assigned to debt securities considered to be of adequate credit quality. The capacity for the payment of financial obligations is considered acceptable, but the entity may be vulnerable to future events. A rating of BB by DBRS is the fifth highest of ten categories and is assigned to debt securities considered to be of speculative,non-investment-grade credit quality. The capacity for the payment of financial obligations is uncertain, and the entity may be vulnerable to future events. The assignment of a "(high)" or "(low)" modifier within certain rating categories indicates relative standing within such category. The absence of either a "high" or "low" designation indicates the rating is in the middle of the category.

Moody's long-term debt ratings are assigned to issuers or obligations with an original maturity of one year or more and reflect both on the likelihood of a default or impairment on contractual financial obligations and the expected financial loss suffered in the event of default or impairment. A rating of B by Moody's is the sixth highest of nine categories and denotes obligations considered to be speculative and subject to high credit risk. The addition of a 1, 2 or 3 modifier after a rating indicates the relative standing within a particular rating category. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

S&P's long-term debt credit rating scale provides a forward-looking opinion of the creditworthiness of a company in meeting a specific financial obligation, a specific class of financial obligations or a specific financial program. It takes into consideration the likelihood of payment; that is, the capacity and willingness of the company to meet its financial commitment on an obligation according to the terms of the obligation, among other factors. A rating of BBB by S&P is the fourth highest of ten major categories. According to the S&P rating system, the obligor has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. A rating of BB by S&P is the fifth highest of ten major categories. According to the S&P rating system, the obligor is considered less vulnerable in the near-term but faces major ongoing uncertainties to adverse business, financial and economic conditions. The addition of a plus (+) or minus (-) designation after a rating indicates the relative standing within a particular rating category.

In the past two years, Cogeco Communications has paid fees to rating agencies to obtain and maintain ratings and expects to pay similar fees in the future pursuant to service agreements entered into with such rating agencies. In the past two years, Cogeco Communications also paid fees to a credit rating organization for an information service other than a credit rating service.

9. Market for Securities

9.1 Trading Price and Volume

The Subordinate Shares of Cogeco are listed on the TSX under the symbol CGO.

The table below shows the price ranges and trading volume of the Subordinate Shares for each month of the last fiscal year:

PRICE RANGES AND TRADING VOLUME OF THE SUBORDINATE SHARES

Month	High	Low	Volume
	\$	\$	#
September 2023	50.10	46.00	289,592
October 2023	51.02	45.07	354,540
November 2023	50.17	44.62	493,585
December 2023	57.83	46.69	741,114
January 2024	62.49	55.65	636,219
February 2024	61.09	55.94	548,703
March 2024	59.58	55.04	346,808
April 2024	57.00	51.00	278,535
May 2024	54.49	47.45	505,652
June 2024	51.20	46.25	515,513
July 2024	54.98	47.25	488,954
August 2024	55.95	52.62	294,173

9.2 Prior Sales and Outstanding Debt Securities of Major Subsidiaries

On February 27, 2024, Cogeco Communications completed, pursuant to a private offering, the issuance of \$275 million senior unsecured notes, bearing interest at 6.125% and maturing in February 2029 (the "2029 Notes"). Cogeco Communications used the net proceeds of the offering to repay existing indebtedness and for other general corporate purposes. The 2029 Notes are direct and unsubordinated unsecured debt obligations of Cogeco Communications and rank equally and pari passu with all other unsecured senior indebtedness of Cogeco Communications.

All of the obligations of Cogeco Communications under the 2029 Notes, its primary operating credit facility and its other outstanding series of debt securities are guaranteed by Cogeco Communications' whollyowned Canadian subsidiaries.

A copy of the Trust Indenture and the First Supplemental Trust Indenture governing the 2029 Notes, each dated February 27, 2024, are available under Cogeco Communications' profile on SEDAR+ at www.sedarplus.ca.

Additional Information about financing and long-term debt of Cogeco Communications as at August 31, 2024, including other outstanding series of debt securities, can be found in Section 8.3, Financing, of the MD&A and in Note 18, Long-term debt of the 2024 consolidated financial statements, in each case included in Cogeco Communications' 2024 Annual Report available under Cogeco Communications' profile on SEDAR+ at www.sedarplus.ca, which section and note are hereby incorporated by reference.

All debt securities have been issued in series and certain series are redeemable at Cogeco Communications' option prior to maturity at the prices, times and conditions specified in the terms and conditions of the relevant series. In addition, Cogeco Communications is required, under certain conditions, to make (or arrange for a third party to make) an offer to repurchase certain series of its debt securities upon the occurrence of both a "Change of Control" and a "Ratings Event" or "Rating Decline" relating to the

relevant series of debt securities (as each such term is defined in the terms and conditions of the relevant series of debt securities), at a price equal to 101% of the outstanding principal amount thereof (or in certain cases, 100% of the outstanding principal amount plus the applicable make-whole amount), plus accrued and unpaid interest, if any, to the date of purchase.

10. Directors and Executive Officers

10.1 Directors

The table below lists Cogeco's directors, their province or state and country of residence and their current principal occupation as at September 1, 2024. Each director is elected at the annual meeting of shareholders to serve until the next annual meeting or until a successor is elected or appointed. The Board of Directors can also appoint a certain number of additional directors between the annual meetings of shareholders:

Name and province or state and country of residence	Cogeco Director since	Current principal occupation
Louis Audet, Eng., MBA, C.M., O.Q. Québec, Canada	1984	Board Chair of Cogeco and Cogeco Communications
Mary-Ann Bell, Eng., M.Sc., ASC Québec, Canada	2016	Corporate Director
Robin Bienenstock ⁽¹⁾ , M.A., B.A., ICD.D British Columbia, Canada	2024	Corporate Director
James C. Cherry ⁽²⁾ , B.Com, FCPA Ontario, Canada	2016	Corporate Director
Samih Elhage, MASc, BSSc, BASc London, United Kingdom	2019	Corporate Director
Normand Legault, B.B.A. Québec, Canada	2012	Corporate Director
Caroline Papadatos, BA, CAAP, ICD.D Ontario, Canada	2023	Corporate Director
Frédéric Perron, B.Com, M.Sc. Ontario, Canada	2019	President and Chief Executive Officer of Cogeco and Cogeco Communications

¹¹ Ms. Bienenstock was a director of 0i S.A., a Brazilian telecommunications company, until early June 2016, which filed for brankruptcy under the laws of Brazil on June 20, 2016.

PAST OCCUPATIONS

Cogeco's directors have held the respective positions listed in the table above with the same corporation during the past five years or more, except for:

- Louis Audet has been Board Chair of Cogeco and Cogeco Communications since September 1, 2021. He was Executive Chair of both Corporations from 2018 to 2021. Mr. Audet joined Cogeco in 1981 and held the position of President and Chief Executive Officer of Cogeco from 1984 to 2018. Under his leadership, Cogeco has become a leading Canadian communications company, operating internationally.
- Robin Bienenstock has been a corporate director since 2021. See heading 15.3 "Education and Experience of Audit Committee Members" for more details on her past occupations.
- Caroline Papadatos has been a corporate director since 2020. She was on the Executive Committee for
 most of her almost 20-year tenure at LoyaltyOne (parent company of AIR MILES), and past executive
 roles include Senior Vice-President International, Chief Knowledge Officer and Senior Vice-President of
 Marketing for the AIR MILES Reward Program. She also previously held the positions of Senior Vice
 President of Marketing for Rogers Communications Inc. and customer relationship management (CRM)

Mr. Cherry was a director of VOTI Detection Inc. until October 31, 2022, which filed an application for bankruptcy under the Bankruptcy and Insolvency Act (Canada) on December 28, 2022.

Leader at Sears Canada.

• Frédéric Perron has been President and Chief Executive Officer of Cogeco and Cogeco Communications since March 2024. See heading 10.2 "Executive Officers" below for more details on his past occupations.

COMMITTEES OF THE BOARD

The Board has established four standing Committees to facilitate the carrying out of its duties and responsibilities and meet applicable statutory and policy requirements. The Committees are currently comprised of the following directors:

Audit Committee	Human Resources Committee	Corporate Governance Committee	Strategic Opportunities Committee ^[2]
Robin Bienenstock	Mary-Ann Bell	Mary-Ann Bell ⁽¹⁾	Robin Bienenstock
Samih Elhage ^[1]	James C. Cherry	James C. Cherry	Pippa Dunn ⁽³⁾
Normand Legault	Caroline Papadatos ^[1]	Caroline Papadatos	Samih Elhage
			Joanne Ferstman ⁽³⁾
			Normand Legault ⁽¹⁾
			Bernard Lord (3)
			Frédéric Perron

⁽¹⁾ Committee Chair

Messrs. Louis Audet and James C. Cherry, respectively Board Chair and Lead Director, are entitled to attend as observers and to participate in meetings of the Audit, Human Resources, Corporate Governance and Strategic Opportunities Committees.

10.2 Executive Officers

The table below lists Cogeco's executive officers, their province or state and country of residence and the position that they held on September 1, 2024:

Name	Province or state and country of residence	Position occupied
Nancy Audette, B.Mkt., B.C.I.	Québec, Canada	Senior Vice President Growth Initiatives
Sean Bruschett BA	New Hamphire, United States	Chief Operation Officer
Paul Cowling, B.A., J.D., L.L.M, ICD.D	Ontario, Canada	Chief Legal and Corporate Affairs Officer
Tim Dinesen, Ph.D., B.Sc.H., MBA	Québec, Canada	Chief Technology and Information Officer
Linda Gillespie, B.Com.	Québec, Canada	Chief Human Resources Officer
Mike Henry, MBA, ICD.D	Ontario, Canada	Chief Operations Officer
Marie Ginette Lepage, MBA, ASC	Québec, Canada	Senior Vice President Transformation
Patrice Ouimet, FCPA, B.Com	Québec, Canada	Chief Financial Officer
Frédéric Perron, B.Com, M.Sc.	Ontario, Canada	President and Chief Executive Officer

The Strategic Opportunities Committee is a joint Cogeco Communications and Cogeco Committee. The committee will be wound down in fiscal 2025.

Director of Cogeco Communications

PAST OCCUPATIONS

All the executive officers of Cogeco have held their present position during the past five years or more, except as follows:

- Nancy Audette has been Senior Vice President, Growth Initiatives of Cogeco and Cogeco Communications since September 2024. She joined Cogeco Connexion in 2021 as Vice President and General Manager, Consumer. She previously served as Vice-President and General Manager of Fido Mobile for all Canada from 2016 to 2021
- Sean Brushett has been Chief Operations Officer of Cogeco and Cogeco Communications since September 2024. He joined Breezeline in August 2020 as Region Director Operations and then held the position of Vice President Customer and Technical Operations (Mid-Atlantic) from 2021 to 2024. Prior to that, he served as President of Tide Cleaners at P&G, from 2019 to 2020, and Chief Revenue Officer at Buckeye Broadband, from 2014 to 2018.
- Paul Cowling has been Chief Legal and Corporate Affairs Officer of Cogeco and Cogeco Communications since July 2024. Previously, Mr. Cowling spent twelve years at Shaw Communications Inc. ("Shaw"), where he served as General Counsel prior to Shaw's acquisition by Rogers Communications Inc. in 2023. More recently, Mr. Cowling worked as Chief Legal & Regulatory Officer at Xplore Inc.
- Tim Dinesen has been Chief Technology Officer of Cogeco and Cogeco Communications since September 2023. Prior to joining Cogeco, he did consulting work and has held management roles at Xplore Inc., Canadian Tire and Bell Canada, among others, including latterly, Executive Vice President and Chief Technology Officer, Xplore Inc., from 2014 to 2021.
- Linda Gillespie has been Chief Human Resources Officer of Cogeco and Cogeco Communications since April 2022. Prior to joining Cogeco, she was Senior Vice President Human Resources and Communications at Weston Foods for over seven years. She has also worked as Human Resources Lead at Dupont and previously at Nortel in various marketing and corporate functions.
- Mike Henry has been Chief Commercial Officer of Cogeco and Cogeco Communications since August 2024. Previously, Mr. Henry held the position of Executive Vice-President Consumer Banking, Digital and Strategy at Home Trust, from 2022 to 2024. He previously held a variety of senior executive roles at Scotiabank, including as Executive Vice-President, Enterprise Risk Management from 2019 to 2022 and EVP & Chief Data Officer, from 2017 to 2019.
- Marie Ginette Lepage has been Senior Vice President Transformation of Cogeco and Cogeco Communications since September 2024. Ms. Lepage joined Cogeco Communications in June 2019 as Vice President, Wireless Solutions and Innovation.
- Frédéric Perron has been President and Chief Executive Officer of Cogeco and Cogeco Communications Inc. since March 2024. Mr. Perron also has been President of Cogeco Connexion from September 1, 2020 to March 2024. Prior to joining Cogeco, he was Chief Commercial Officer at T-Mobile in Poland from 2017 up to 2020.

As at September 1, 2024, the directors and executive officers of the Corporation named above, as a group, beneficially owned, directly or indirectly, controlled or directed:

- 3,200 Multiple Shares of the Corporation representing 0.2% of the outstanding shares of such class; and
- 161,162 Subordinate Shares of the Corporation, representing 2% of the outstanding shares of such class.

11. Legal Proceedings

The Corporation is involved in various litigation matters arising in the course of its business. The outcome of these claims or litigations is uncertain and failure to implement measures to minimize litigations and their impact may adversely affect the Corporation's reputation, results of operations, liquidity or financial condition. From time to time, the Corporation faces class-action claims and proceedings. Litigation matters

involving the Corporation can, individually or in total, have a material adverse effect on its business, results of operations or financial condition.

On September 20, 2024, an application to authorize the bringing of a class action was filed before the Superior Court of Québec against Cogeco Connexion for alleged non-compliant rate increases since September 20, 2021 pursuant to section 11.2 of the *Consumer Protection Act (Québec)*. The application, if authorized, is seeking full reimbursement of the rate increases plus punitive damages. Cogeco Connexion intends to contest the application.

12. Transfer Agent and Registrar

The transfer agent and registrar of the Corporation is Computershare Trust Company of Canada at its principal offices in Montréal and in Toronto.

13. Material Contracts

On December 11, 2023, Cogeco and Cogeco Communications announced that Caisse de dépôt et placement du Québec ("CDPQ") would become an investor in Cogeco Communications as part of the sale by Rogers Communications Inc. ("Rogers") of the entirety of its holdings in Cogeco Communications and Cogeco. Cogeco repurchased for cancellation 5,969,360 of its Cogeco subordinate voting shares from CDPQ. Cogeco Communications repurchased for cancellation 2,266,537 Cogeco Communications subordinate voting shares (the "CCA SVS") from Cogeco, following the conversion of the same number of Cogeco Communications multiple voting shares. CDPQ also sold 5,302,278 of the CCA SVS acquired from Rogers by way of a bought block trade.

A material change report (Form 51-102F3) was filed on SEDAR+ on December 21, 2023.

14. Interest of Management and Others in Material Transactions

Cogeco holds 28.4% of Cogeco Communications' equity shares, representing 79.9% of the Cogeco Communications' voting shares.

Cogeco provides executive and administrative services to Cogeco Communications under a Management Services Agreement (the "Agreement"). The methodology used to establish the management fees is based on the costs incurred by Cogeco plus a reasonable mark-up. Provision is made for future adjustments upon the request of either Cogeco Communications or the Corporation from time to time during the term of the Agreement. For fiscal 2024, management fees paid to Cogeco amounted to \$21.0 million compared to \$18.6 million last year.

No direct remuneration is payable to Cogeco's executive officers by Cogeco Communications. However, during fiscal years 2024 and 2023, Cogeco Communications granted stock options and performance share units ("PSUs") to these executive officers, as executive officers of Cogeco Communications, as follows: 203,326 (79,348 in 2023) stock options, and 31,473 (14,283 in 2023) PSUs. During fiscal 2024, Cogeco Communications charged Cogeco \$852,000 (\$1,202,000 in 2023), \$80,000 (\$0 in 2023) and \$887,000 (\$863,000 in 2023), respectively, with regards to Cogeco Communications' stock options, incentive share units and PSUs granted to these executive officers.

As described under heading 13 "Material Contracts" above, Cogeco and Cogeco Communications entered into a series of transactions pursuant to the sale by Rogers of its entire holdings in both corporations. Cogeco sold to Cogeco Communications 2,266,537 subordinate voting shares of its holdings in Cogeco Communications for \$116.5 million, following the conversion and cancellation of an equivalent number of Cogeco Communications multiple voting shares. The subordinate voting shares were repurchased for cancellation, and represented approximately 5.1% of all outstanding Cogeco Communications shares.

There were no other material related party transactions during the periods covered.

15. Audit Committee Disclosure

15.1 Charter

1. PURPOSE

Financial reporting and disclosure by Cogeco Inc. represents a major aspect of the management of the Corporation's global business and affairs.

The Board is responsible to oversee financial reporting and disclosure of the Corporation.

To assist the Board in its monitoring of the Corporation's consolidated financial reporting and disclosure, the Board has established the Audit Committee (the "Committee").

The purpose of the Board's oversight of the Corporation's financial reporting and disclosure is to gain reasonable assurance, through the Committee, that the following objectives are being met:

- (a) the Corporation and its subsidiaries comply with all applicable laws, regulations, rules, policies and other requirements of governments, regulatory agencies and stock exchanges relating to financial reporting and disclosure;
- (b) the accounting policies and practices, significant judgments and disclosures which underlie or are incorporated in the Corporation's consolidated financial statements are the most appropriate in the prevailing circumstances;
- (c) the Corporation's quarterly and annual consolidated financial statements present fairly the Corporation's financial position and performance in accordance with IFRS® Accounting Standards, as issued by the International Accounting Standards Board ("IFRS Accounting Standards");
- (d) there is an effective system of internal controls and that the evaluation and testing of the internal controls are appropriate to cover significant risks and are comprehensive, coordinated and cost effective; and
- (e) financial information in public disclosure documents has been reviewed and that appropriate information concerning the financial position and performance of the Corporation is disseminated to the public in a timely manner.

Although the Committee has the powers and responsibilities set forth in this charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Corporation and may or may not be accountants or auditors by profession and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits or to determine that the Corporation's consolidated financial statements and disclosures are complete and accurate, and in accordance with IFRS Accounting Standards and applicable rules and regulations. These are the responsibilities of senior management, the external auditors and other specialists retained by the Corporation.

2. COMPOSITION, QUALIFICATION AND ORGANIZATION

The Committee shall consist of at least three (3) directors. Each member shall be independent.

Subject to the exemptions provided for in National Instrument 52-110 – Audit Committees ("NI 52-110"), all members of the Committee should be "financially literate" and, as such, able to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breath and complexity of the issues that can reasonably be expected to be raised by the Corporation's consolidated financial statements.

Members of the Committee and the Committee chair (the "Committee Chair") shall be appointed by the Board. A member may be removed or replaced at any time by the Board. A member shall cease to be a member of the Committee on ceasing to be a director.

3. OPERATING PRINCIPLES AND GUIDELINES

The Committee fulfills its responsibilities within the context of the following principles and guidelines:

- (a) The Committee Chair and the other Committee members have direct, open and frank communications throughout the year with senior management, other committee chairs and Board members, the external auditors, the Vice President, Internal Audit and other key committee advisors as applicable.
- (b) The Committee, in consultation with senior management and the external auditors, participates in a process to review important financial topics and emerging standards that have the potential to impact the Corporation's consolidated financial reporting and disclosure.
- (c) The external auditors' ultimate responsibility is to the Board through the Committee. The external auditors must report directly to the Committee.
- (d) In contributing to the Committee's discharging of its duties under this charter, each member of the Committee shall be entitled to rely in good faith upon:
 - (i) consolidated financial statements of the Corporation represented by the President and Chief Executive Officer ("CEO") or the Senior Vice President and Chief Financial Officer ("CFO") of the Corporation and in a written report of the external auditors to present fairly the consolidated financial position of the Corporation in accordance with IFRS Accounting Standards; and
 - (ii) any report of a lawyer, accountant, engineer, appraiser or other person whose profession lends credibility to a statement made by any such person.
- (e) In contributing to the Committee's discharging of its duties under this charter, each member of the Committee shall be obliged only to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Nothing in this charter is intended, or may be construed, to impose on any member of the Committee a standard of care or diligence that is in any way more onerous or extensive than the standard to which all members of the Board are subject. The essence of the Committee's duties is monitoring and reviewing to gain reasonable assurance (but not to ensure) that the fundamental accounting and reporting activities are being conducted effectively, that the financial reporting and disclosure objectives are being met and that a proper system of internal controls is in place, so as to report accordingly to the Board. These duties extend to evaluating and, where appropriate, recommending the replacement of the external auditors.

4. DUTIES AND RESPONSIBILITIES

The following are the duties and responsibilities of the Committee:

4.1 Budget

- (a) review and make recommendations to the Board regarding the Corporation's operating budgets;
- (b) review and make recommendations to the Board with respect to the Corporation's financial policies, including those related to treasury operations;

4.2 Financial Reporting

- (a) review, before they are released or filed with regulatory authorities, the annual consolidated financial statements included in the annual report to shareholders and the external auditors' report thereon, the management's discussion and analysis ("MD&A") and related news releases and recommend their approval to the Board;
- (b) review, before they are released or filed with regulatory authorities, the condensed interim consolidated financial statements, MD&A and related news releases and recommend their approval to the Board;
- (c) review, before they are released or filed with regulatory authorities, public disclosure documents, such as a prospectus, annual information form or any other public documents containing consolidated financial statements of the Corporation, and recommend their approval to the Board;
- (d) review, before they are released or filed with regulatory authorities, the guidance provided to financial markets and financial institutions;
- (e) review the reports of the Disclosure Committee of the Corporation;
- (f) discuss with senior management any significant variances between comparative reporting periods and across comparable business units;

4.3 Changes in Accounting Policies

- (a) review, with senior management and the external auditors, any proposed changes in securities laws, policies or regulations and/or major accounting policies, and key estimates and judgments that may be material to financial reporting of the Corporation and probe whether the underlying accounting policies, disclosures and key estimates and judgments are considered to be the most appropriate in the circumstances;
- (b) report to the Board in a timely fashion on any proposed changes in securities policies or regulations and/or major accounting policies and key estimates and judgments that may be material to financial reporting and entail significant actual or potential liabilities, contingent or otherwise;
- (c) discuss with senior management and the external auditors the clarity and completeness of the Corporation's consolidated financial disclosures;
- (d) review, whenever there are significant changes in accounting policies and disclosure requirements, benchmarks submitted by management of the Corporation's accounting policies and disclosure to those followed in its industry:

4.4 Risks and Uncertainties

- (a) review on a regular basis the principal business risks, including environmental, social and governance ("ESG") risks, facing the Corporation and its subsidiaries, as identified by senior management, in the context of its global business and affairs and the implementation by management of appropriate measures to manage these risks;
- (b) review and recommend to the Board the approval, on an annual basis, of the risk appetite framework of the Corporation guiding strategic decision-making;
- (c) review, at least annually, the appropriateness of insurance coverage maintained by the Corporation and its subsidiaries;
- (d) oversee other risk management matters from time to time as the Committee may consider appropriate or as the Board may specifically direct;

4.5 Financial Controls and Deviations

- (a) oversee management's reporting on internal control and disclosure controls and procedures, including interim and annual filings with securities authorities in that respect;
- (b) review annually the plans of the Vice President, Internal Audit and of the external auditors to gain reasonable assurance that the proposed combined evaluation and testing of internal controls are appropriate to cover significant risks, comprehensive, coordinated and cost effective;
- (c) review with senior management of the Corporation any significant changes to the internal control environment and measures implemented, if any, to address identified control deviations;
- (d) review procedures for public disclosure of financial information extracted from the Corporation's consolidated financial statements, other than the public disclosure referred to in Section 4.1, and periodically assess the adequacy of these procedures;
- (e) establish procedures for: (i) the receipt, retention and treatment of complaints received by the Corporation and its subsidiaries regarding accounting, internal accounting controls, or auditing matters; and (ii) the confidential, anonymous submission by employees of the Corporation and its subsidiaries of concerns regarding questionable accounting or auditing matters;
- (f) receive quarterly reports from the Vice President, Internal Audit on all complaints and anonymous submissions of concern by employees regarding accounting, internal accounting controls or auditing matters, results of any inquiry carried to that effect, and how such matters have or will be corrected;
- (g) review and understand the processes that support the President and CEO's and the CFO's certification and be satisfied that they constitute a reasonable approach and are diligently performed;
- (h) review all design and operational effectiveness weaknesses in internal control over financial reporting and disclosure controls and procedures that, individually and/or in combination, could have a material impact on the financial reporting, understand the assessment of these weaknesses and the decision process supporting whether identified weaknesses should be disclosed or not in the MD&A and review the completeness and accuracy of the disclosures provided in the MD&A;
- (i) review, approve and monitor the internal control remediation plan, if any, proposed by the President and CEO and the CFO;

4.6 Compliance with Tax and Financial Reporting Laws

(a) review regular reports from management concerning the Corporation's and its subsidiaries' compliance with tax and financial reporting laws and regulations including those necessitating withholdings requirements which can have a material impact on financial statements;

4.7 Relationship with the External Auditors

- (a) recommend annually to the Board the nomination of the external auditors for the purpose of preparing or issuing an auditors' report and conducting quarterly reviews and any other related work for the Corporation. The Committee will only recommend external auditors who: (i) participate in the oversight program of the Canadian Public Accountability Board ("CPAB"); and (ii) are in good standing with the CPAB;
- (b) perform an annual assessment of the external auditors and, at least every five (5) years, a comprehensive review of the external auditors;
- (c) recommend annually to the Board the compensation of the external auditors;
- (d) receive a report annually from the external auditors with respect to their independence and objectivity, such report to include a disclosure of all engagements (and fees related thereto) for non-audit services rendered to the Corporation;
- (e) review and approve the external auditors' audit service plan, the areas of special emphasis to be addressed in the audit, the extent to which the external audit can be coordinated with internal audit activities and the materiality levels which the external auditors propose to employ;
- (f) if deemed appropriate, establish annual audit quality indicators ("AQIs") in consultation with the external auditors and senior management and then review at least annually a report from the external auditors addressing AQIs;
- (g) establish effective communication processes with senior management and the Corporation's internal and external auditors to assist the Committee in monitoring objectively the quality and effectiveness of the relationship among the external auditors, management and the Committee;
- (h) ensure that the external auditors report directly to the Committee;
- (i) oversee the work of the external auditors, receive quarterly review reports from the external auditors on the progress against the approved audit service plan, important findings, management letter of recommendations for improvement and the external auditors' final report;
- (j) resolve disagreements between senior management and the external auditors regarding financial reporting, if any:
- (k) meet regularly with the external auditors in the absence of management;
- (l) establish annually a list of services that may not be provided by the external auditors as a measure to safeguard their objectivity and independence. Ensure compliance of such list of proscribed services with regulatory requirements;
- (m) pre-approve all non-audit services to be provided to the Corporation by the external auditors, subject to the exemptions provided for in NI 52-110 and delegate the administration of the preapproved non-audit services to the Vice President, Finance. The Vice President, Finance will report quarterly to the Committee the amounts that were incurred for such services;
- (n) review the Corporation's hiring policies for current and former partners or employees of the external auditors and select, in concert with management, the lead external auditors partner and review reports of external auditors concerning the planned rotation of partners assigned to the Corporation's affairs;

4.8 Relationship with the Vice President, Internal Audit

- (a) review the appointment and replacement of the Vice President, Internal Audit and report such to the Board;
- (b) review and approve the Vice President, Internal Audit's annual plan and schedule of audit assignments, Internal Audit Charter and annual budget;
- (c) review annually the list of external firms used by Internal Audit;
- (d) review the reports of the Corporation's Vice President, Internal Audit with respect to control, financial risk and any other matters appropriate to the Committee's duties and receive management's responses to these audit observations and recommendations;
- (e) review and approve the reporting relationship of the Vice President, Internal Audit to ensure that organizational independence is effectively achieved and that the Vice President, Internal Audit has direct reporting and access to the Committee on matters affecting the Committee's duties;
- (f) encourage the Vice President, Internal Audit to share the work planning and findings with the external auditors in order to maximize audit coverage of the Corporation's operations and financial condition, in a cost-effective manner;

4.9 Other

- (i) review the Corporation's reports and disclosure related to ESG, including those which may be mandated by applicable laws and regulations and monitor the adequacy and effectiveness of applicable internal reporting and controls related to such disclosures;
- (ii) participate, as needed, in the resolution of high-impact cybersecurity incidents;
- (iii) review related party transactions as defined per International Accounting Standard, including, on a quarterly basis, the estimated fees to be paid by Cogeco Communications to Cogeco under the Management Services Agreement;
- (iv) review disclosure of the Committee's charter and of the Committee's activities presented in the Corporation's statement of corporate governance practices;
- (v) after consultation with the CFO and the external auditors, gain reasonable assurance, at least annually, of the quality and sufficiency of the Corporation's accounting and financial personnel and other resources;
- (vi) be informed of the appointment of the Corporation's senior financial executives;
- (vii) report to the Board after each of its meeting;
- (viii) review and reassess annually the adequacy of its charter and recommend any changes to the Board; and
- (ix) perform such other functions as may from time to time be delegated to the Committee by the Board.

15.2 Composition of the Audit Committee

The Audit Committee is currently composed of four directors: Mr. Samih Elhage, the Committee Chair and Ms. Robin Bienenstock and Mr. Normand Legault, who satisfy the independence requirements as set within NI 52-110 of the Canadian Securities Administrators.

15.3 Education and Experience of Audit Committee Members

The following describes the relevant education and experience of each member of the Audit Committee:

Robin Bienenstock, M.A., B.A., ICD.D — Ms. Bienenstock is a corporate director and the Canadian representative of Resource Capital Funds, a mining-focussed alternative investment firm. From 2017 to 2021, she was the founder and investment partner of RBMP Capital LLP (an investment advisory firm), founded in London, United Kingdom. She was a partner at Marlin Sams Fund LP from 2014 until 2016, and a senior research analyst at Sanford C. Bernstein & Co., LLC, Research Division from 2007 until 2014. Prior to that, Ms Bienenstock also worked at McKinsey & Company as an Associate Principal. Ms. Bienenstock currently serves as an external member of Resource Capital Funds' ("RCF") Fund VII Investment Committee. She has served on the board and was Chair of the Safety and Corporate Social Responsibility and member of the Corporate Governance and Nominating Committees of Torex Gold Resources (an intermediate gold producer and public issuer), from 2020 to 2021 and on the Board and Chair of Compensation and member of the Governance Committees of Pretivm Resources (a gold producer and public issuer), from 2018 to 2021. Ms. Bienenstock has also served as a non-executive director, and a member of the Audit Committee of Sunrise Communications Group AG, a Swiss telecommunications provider, from 2016 to 2020. She has previously served as a member of the Supervisory Board, and a member of the Audit Committee, of Tele Columbus AG, a German cable provider, and as a director of Oi S.A., the largest telecommunications company in Brazil and South America. During her directorship at Oi S.A., Ms. Bienenstock chaired the committee responsible for internal audit, risks and contingencies.

Samih Elhage, MASc, BSSc, BASc — Mr. Elhage currently serves as a corporate director. He has more than 30 years of senior experience in the telecommunications industry. After several years within Bell Canada, he joined Nortel in 1998 for over 10 years where he held various leadership roles, including Vice President of Corporate Business Operations from June 2007 to July 2008. From 2008 to 2010, he was President of Carrier Voice over IP and Application Solutions. He then worked as Senior Advisor to leading private equity and global management consulting firms from January 2011 to March 2012, including McKinsey, Madison Dearborn Partners and Apollo Global Management. In 2012, he joined Nokia Siemens Networks as COO and member of the Executive Board and then assumed the combined role of CFO and COO and member of the Executive Board in Nokia Siemens Networks, Nokia Solutions Networks and Nokia Networks. In his last role with Nokia, Samih was President of Mobile Networks Business Group and member of the Group Leadership Team up to May 2017. Mr. Elhage was formerly a director of Alcatel-Lucent France (a telecommunications

services company). He also served on private boards including Nokia Shanghai Bell (China) and QuickPlay (Canada).

Normand Legault, B.B.A. — Normand Legault is a corporate director. He is also President of GPF1 Inc., a consultancy firm in professional sports, live entertainment and communications. He was Chairman of Groupe Solotech Inc. from 2013 to 2017 and its Chief Executive Officer from 2015 to 2017. He held several positions from 1989 to 2009 within the Grand Prix F1 of Canada, including being President and Chief Executive Officer from 1996 to 2009. As an entrepreneur, he was also involved in launching various entreprises in the graphic design, live events and access control industries. Mr. Legault sits on the Board of Cogeco Communications Inc. (a reporting issuer, subsidiary of Cogeco Inc.). Mr. Legault also serves on the board of Dorna Sports, a Madrid-based sports management, marketing and media company that manages the Moto GP FIM world championship. He has served as a director with numerous corporations, both private and public, including, among others, Global Logic, a digital products engineering company from San Jose (California) from 2018 to 2021, Aéroports de Montréal from 2010 to 2019, where he served as Chairman from 2015 to 2019, as well as GDI Inc. from 2007 to 2011, Société du Parc Jean-Drapeau, Société de la Place des Arts de Montréal and Montréal International, where he served as Chairman, the Board of Trade of Metropolitan Montréal, where he served as President and Chairman, and Société Générale de Financement. As a long-time businessman.

15.4 Policy Regarding Non-Audit Services Rendered by Auditors

The Charter of the Audit Committee requires the Audit Committee to pre-approve all non-audit services to be provided by the External Auditors to the Corporation or its subsidiaries other than Cogeco Communications and its subsidiaries. The Audit Committee also establishes annually a list of proscribed services that may not be provided by the External Auditors as a measure to safeguard their objectivity and independence. The list of proscribed services includes the following services:

- Bookkeeping or other services related to the accounting records of financial statements of the Corporation;
- Financial information systems design and implementation;
- Appraisal, fairness opinions or contribution-in-kind reports;
- Actuarial services;
- Internal audit outsourcing staff;
- Management functions;
- Human resources;
- Broker-dealer, investment adviser or investment banking services;
- Legal services;
- Expert services related to the audit, except for tax services;
- Abusive tax transactions.

15.5 Remuneration of Auditors

The following table presents, by category, the fees billed by the External Auditors of the Corporation, Deloitte LLP, for the fiscal years 2024 and 2023:

CATEGORY OF FEES

	2024	2023
	\$	\$
Audit fees ^[1]	2,557,578	2,415,496
Audit-related fees ⁽²⁾	112,618	128,180
Tax fees ⁽³⁾	608,167	292,024
Other fees ^[4]	132,968	95,540
TOTAL	3,411,331	2,931,240

[&]quot;Audit fees" include mainly fees for annual audit and quarterly reviews of the Corporation and some of its subsidiaries, audit procedures performed to comply with statutory audits of schedules for disclosure to the CRTC, statutory audits related to significant acquisitions & dispositions and translation services.

16. Additional Information

Additional information including directors' and officers' remuneration and indebtedness, principal holders of the Corporation's securities and the securities authorized for issuance under equity compensation plans, if applicable, as well as corporate governance matters, is contained in the Corporation's 2024 information circular. Additional financial information is provided in the Corporation's comparative financial statements and the Management's Discussion and Analysis for the year ended on August 31, 2024. This and other information relating to the Corporation is available on Internet at www.sedarplus.ca or corpo.cogeco.com.

[&]quot;Audit-related fees" include mainly fees related to the accounting or disclosure of special transactions/events, changes in accounting or regulatory rules or mandates related to due diligences or internal controls and audits of employees benefits plans.

[&]quot;Tax fees" include tax planning, advice, compliance, review of tax returns, assistance with audits and appeals, assistance with tax credit claims and advice regarding statutory, regulatory or administrative developments.

[&]quot;Other fees" include fees for services not included in the above categories.
